

UPSTATE
MEDICAL UNIVERSITY

OB/GYN Clerkship 2024-2025

Blood and body fluids, immediately treat exposure site

- Wash the exposed skin with soap and water
- Flush exposed mucus membranes with water
- Flush eyes with at least 500 ml of water or normal saline for at least 3–5 minutes
- Do not apply disinfectants, antibiotics, or caustic agents to the wound
- Proceed to the Emergency Department if wound suturing or other first aid is needed

Initiate follow-up without delay

- Weekdays between 7:30 AM – 4:00 PM, call Employee/Student Health (ESH) at (315) 464-4260. Students will be instructed where to follow up
- After hours, weekends, and holidays: 1) Proceed to the Emergency Department at clinical site 2) Proceed to the closest Emergency Department if none at the facility. 3) Notify ESH of the exposure by leaving a voicemail or calling the next day of business.

Chemical or radioactive exposure

- Refer to the Student Occupational Health Exposure for treatment instructions: <https://upstate.ellucid.com/documents/view/3042>

CLINICAL LOG REQUIRED ROLES

Perform: Student actively participated in obtaining essential part of History and/or Physical Exam for diagnosis listed or participated in essential components of Procedure performed.

Observe: Student is present as History/ Physical Exam when diagnosis is obtained or procedure by others on the team.

Simulate: Alternative experience available on Bb or other simulated setting (only to be used when actual patient experience is not available).

REPORTING

REPORT MEDICAL STUDENT MISTREATMENT

An environment that optimizes learning and is built on respect and dignity is our expectation. The way we treat others (faculty, students, residents, staff) either realizes this expectation or it interferes with the learning process. Discrimination, humiliation and harassment simply can't be tolerated.

To find procedures and report confidentially any incidents or concerns regarding mistreatment or harassment please go to the Upstate website:

<http://www.upstate.edu/currentstudents/support/rights/mistreatment.php>

REPORT A GOLD STAR

The College of Medicine would like to recognize those individuals who exemplify professional behaviors and contribute to a positive learning environment. In order to do so, the Gold Star Report provides a mechanism to identify positive influences on professional standards and the learning environment.

To highlight examples of faculty, students, or staff who have demonstrated exemplary professional behaviors, please go to:

<http://www.upstate.edu/currentstudents/support/rights/goldstar.php>

CLINICAL LOG REQUIREMENTS

DIAGNOSIS	MIN ROLE/MIN # REQUIRED
OB uncomplicated	Perform/1
OB issue or complication	Perform/1
GYN family planning	Perform/1
GYN normal life cycle (puberty, sexual function, perimenopause or menopause)	Perform/1
GYN abnormal (endocrinology infertility or sexual dysfunction, pain syndrome, mass, dysplasia, etc)	Perform/1
Breast function (health maintenance or lactation or disorder benign or malignant)	Perform/1
PROCEDURE	MIN ROLE/MIN # REQUIRED
Fetal monitoring interpretation	Perform/1
Normal vaginal delivery	Perform/1
Cesarean delivery	Perform/1
OB ultrasound: fetal heart rate, presentation, and qualitative amniotic fluid volume	Perform/1
Operative hysteroscopy, laparoscopy, laparotomy or hysterectomy	Perform/1

OB/GYN Objectives

PATIENT CARE

Perform a complete medical interview and physical examination of an individual with attention to the individual's gynecological and/or obstetrical needs	PC1, PC3
Construct a differential diagnosis and prioritized management plan for an individual with common gynecological or obstetrical concerns applying current evidence-based practice	PC2, PC4
Construct an assessment and plan for an individual with an acute, chronic, or health maintenance gynecological or obstetrical need	PC3
Communicate clearly with individuals in multiple care settings, demonstrating competency in shared decision-making	PC3

MEDICAL KNOWLEDGE

Apply knowledge of normal and abnormal anatomy and physiology to an individual's gynecological or obstetrical needs to explain mechanisms of disease and to select appropriate treatments	MK1, MK2, MK3
---	---------------

INTERPERSONAL AND INTERPROFESSIONAL COMMUNICATION SKILLS

Communicate an individual's medically relevant information accurately and clearly both in oral and written communication	IICS2
Communicate clearly with women in multiple care settings, demonstrating competency in shared decision-making.	IICS2, IICS3

ETHICS AND PROFESSIONALISM

Demonstrate professional responsibility through completion of assigned clinical and educational activities within the OB GYN clerkship.	PR2
---	-----

PRACTICE-BASED LEARNING & IMPROVEMENT

Investigate and present best available evidence for an area of practice within the scope of gynecological or obstetrical health	LI3
---	-----
