Yale School of Public Health
Professor of Pediatrics, Yale School of Medicine**

Thursday, September 30, 2021

12:15 P.M. – 1:15 P.M.

Available via webinar:

<https://upstate.zoom.us/j/93428581914>

Free and open to the public.

*For more information, contact Alyssa Indelicato at
indelica@upstate.edu*

Climate change is recognized as an existential threat to global ecology, but many do not appreciate the complexity of climate issues on human health. The goal of the talk is to bring the key diverse issues of interest together in an interdisciplinary vision of the problem and the options for mitigation of climate change to best further human wellness.
