# Do you think you have a medical problem related to your work?

- Do your hands, wrist or neck ache, tingle or feel numb?
- Is your work repetitive, done in awkward positions or with force?
- Do you work with asbestos, solvents, lead or other dangerous material?
- Do you develop difficulty breathing on the job?
- Do you have unexplained skin rashes?
- Are any of your co-workers experiencing similar problems?

## Call us - we're here to help!

Our physicians are specialists in occupational and environmental medicine. We are a non-profit occupational health program, part of a statewide network established by the New York State Legislature and endorsed by the NYS AFL-CIO.

We can evaluate your medical problem, develop a treatment plan, and provide assistance to reduce or eliminate workplace hazards. We accept Workers' Compensation and many health insurance plans. We offer services at satellite centers in Binghamton and Utica.

**The Central New York  
Occupational Health Clinical Center**

6712 Brooklawn Parkway • Suite 204 • Syracuse, NY 13211-2195
