Students receiving advanced degrees will be “hooded” at their Commencement ceremony. Typically, students are hooded by their faculty advisor or the faculty marshal of their College. However, doctoral candidates (MD, PhD, DPT) may invite a member of their immediate family to participate in the hooding if the family member holds the same degree. Academic regalia is required for family members participating and the hooding request must be approved by an appropriate Student Affairs Staff member.

Name of Graduating Student: 

College Student is Graduating From:  
- [ ] Medicine  
- [ ] Health Professions  
- [ ] Graduate Studies
