College of Nursing

Graduation and Retention Data[1] by Matriculation Year

Rates are based on 2016 Fall enrollment data.

BS Graduation and Retention Rates

| Year	Rate
2012	70%
2013	85%
2014	96%
2015	96%

---

[1] As 150% of the time allocated for each program has not passed in all cases, graduation and persistence rates have been combined and labeled as 'Graduation & Retention Rates' in the graphs.

Performance on Licensing and Certification Exams

All Masters' program graduates are eligible to sit for their national specialty certification exam. However, national certification is not required for licensure as a Nurse Practitioner in New York State, which is a disincentive for many graduates who often delay taking the national certification exam soon after graduation, if at all. This reduces the value of this as a measure of program achievement.

Employment or placement after graduation

Employment data was obtained from Alumni surveys.

Employment Rates by Program - % (n)		
Year Graduated	**BS**	**MS**
2015	100% (13)	100% (22)
2014	100% (12)	100% (28)
2013	100% (10)	95% (40)
2012[†]	NA *	100% (5)

[†] The alumni survey was revised in 2012; the employment rates for 2012 and beyond are taken from the 1 year post-graduation alumni survey and includes those employed in nursing or a nursing-related field full or part-time

* there was no survey of BS students 1 year post-graduation in 2012
