

Upstate Pediatrics

FORMERLY CareBest Pediatrics

LEFT TO RIGHT: **Tobey Kresel, MD; Gail Colten, PNP; Ellen Schurman, MD; Mary Green, MD**

The former CareBest pediatric practice in Belgium Meadows in Baldwinsville is now Upstate Pediatrics, a practice site of the Department of Pediatrics at Upstate Medical University!

Even so, patients will find little obvious change, and will continue to see pediatricians Mary Green, Tobey Kresel, and Ellen Schurman and nurse practitioner Gail Colten. Our providers will continue to see newborns in area hospitals and patients will have 24-hour access to Upstate pediatricians who are also available Saturday mornings. As necessary, patients will be hospitalized at University Hospital and eventually at the Golisano Children's Hospital, which is under construction in Syracuse and expected to open in 2009.

Office hours for Upstate Pediatrics are Monday through Friday, 8:30 a.m. to 5 p.m. For more information, please call 315-622-6595.
