Elective Experience in Expedition Medicine

Desert RATS
June 15-21, 2013
Fruita, CO to Moab, UT

148-mile stage race through gorgeous canyons, mountains, and deserts

Like no other elective experience in the USA: Don’t just read about it or moulage it at a camp... Come experience the real thing.

Five days of remote wilderness fun embedded with dozens of happily exhausted racers.

Learn remote medicine planning, wilderness first aid, and gain appreciation for the working environment of expedition medicine.

- Contact Jeremy Joslin, MD for more information at joslinj@upstate.edu
- Food & tent accommodations covered by race organizers
- Open to student, residents, and fellows
