DATE: June 24, 2005

SUBJECT: **Grants for Innovations in Medical Education**

There was an excellent response to our first request for proposals. We received 14 grant applications, with a minimum request for funding of close to \$18,500. Available funding for this year's program was \$3,500. The following grant proposals were chosen for funding:

Proposed By:	Project Title
Anne Barash, M.D., N. Barry Berg, Ph.D., William Williams, M.D.*	<i>Correction of Topographical Anatomy with Physical Diagnosis</i>
Ann Barker Griffith, M.D., Barbara Streeten, M.D., Steve Landas, M.D., Jannie Woo, Ph.D.	<i>Integrated Interactive Web-Based Teaching in Ophthalmology</i>
Debra Buchan, M.D., Lisa Phillips, Surabhi Mukhopadhyay	<i>Cytochrome P450 Superhighway</i>
Elliot Rodriguez, M.D.	<i>The Critically Ill Patient Simulation Workshop—A Demonstration Project</i>

We are pleased with the quantity and the quality of the proposals. Thank you for participating in this initiative.
