

Mahendra Dave, MD, HS '81

Medicine

Chair: Michael C. Iannuzzi, MD, MBA

J. Michael Freiberg, MD, HS '72, writes that he spent nine very good years at Upstate Medical University. From 1970-1972, he completed a residency in internal medicine. From 1972-1975, he completed an endocrinology fellowship, under former chairman and great teacher, David H. P. Streeten, MD. Dr. Freiberg also adds that **Myron Miller, MD '59**, **Arnold Moses, MD '54**, Theodore Dalakos, MD, and Stanley Blumenthal, MD, also patiently added greatly to his endocrinology training. From 1975-1979, he completed a PhD program in the Department of Pharmacology under Drs. Helen and Jay Tepperman. Dr. Freiberg says he will never forget the generosity of the department chairman, **Ike Weiner, MD '56**, and the excellent statistician Paul E. Sheehe, PhD.

David T. Nash, MD, published a review of a new class anti-angina drug in the October 11, 2008, issue of *Lancet*, which he authored at the request of the editor. Dr. Nash is also the author of a new article on the "Role of Lipoproteins in Dementia and Alzheimer disease," published in the October issue of the *Journal of Clinical*

Lipidology. Nash recently celebrated the 55th anniversary of his medical school graduation from the New York University Bellevue Medical Center. His list of peer reviewed publications currently exceeds 230.

Obstetrics and Gynecology

Chair: Shawky Z.A. Badawy, MD, HS '73

George P. Chambers, Jr., MD, HS '02, has been listed as one of Las Vegas' Top Doctors by *Las Vegas Life* magazine.

Psychiatry

Chair: Mantosh J. Dewan, MD, HS '79

Mahendra Dave, MD, HS '81, writes that his book *Psychiatric Medicine: The Psychiatrist's Guide to the Treatment of Common Medical Illnesses* was published by Lipincott, Williams and Wilkins in 2008. Dr. Dave would love to work with Upstate alumni to co-author versions of this book for other medical specialties. He believes that only the third section of his book (which deals with illnesses of relevance to psychiatrists) would need to be changed to make the book relevant for another medical specialty. If interested, email him at m13dave@yahoo.com.

IN MEMORIAM

1938

Burton Butman, of Cumming, GA, died August 7, 2007.

1939

Everett W. Forman, of Bradenton, FL, died June 26. Dr. Forman retired in 1984 after 40 years in family practice and obstetrics in the Stamford, NY, area. He served in the U.S. Army Medical Corps in the European Theatre from 1941 until 1946. Forman was a captain and was awarded the Combat Medical Badge and the Bronze Star. He received four patents from the U.S. Patent Office and was a published genealogist. He is survived by his sons, Scott and Seth; his sister, Chicita; and many other relatives.

12/1943

John J. Duggan, of Skaneateles, NY, died September 24. Dr. Duggan served in the U.S. Army from 1946 to 1948, and was discharged

as a captain. After military service, he was a fellow in the physiology department at Upstate, and after several years on the full time faculty, subsequently practiced as an internist until his retirement in 1986. He joined his college and medical school classmate, **William Schiess, MD**, in a partnership that evolved into Internist's Associates of CNY, a well-regarded Syracuse practice. He was the first chief of the medical service at the Syracuse Veterans Administration Hospital 1953 to 1958; chairman of the Department of Medicine at Community General Hospital 1959 to 1970, and attending physician at Crouse-Irving Memorial Hospital and Upstate Medical Center, from which he also held the rank of clinical professor of medicine, emeritus. He published several scientific papers in peer-reviewed journals, was elected as Fellow of the American College of Physicians, and was recipient of the Laureate Award from its NY Chapter in 1985. He was active in the American

Heart Association and an early proponent of providing advanced cardiac treatment in ambulances, and served as the president of the Heart Association of Upstate New York. The Onondaga County Medical Society honored him with its Community Service Award in 1987. He was a well-respected physician and consultant, and a voluntary member of the Upstate teaching faculty for over 25 years, and is fondly remembered by numerous patients, former students and residents. He is survived by his children with Mary, Ann, **David Duggan, MD '79**, Mary, Kathy, and Elizabeth. In 1986, he married the late Hope Graeber Duggan and is also survived by her children, **Geoffrey Graeber, MD '71**, and Laurel Graeber. He is also survived by 16 grandchildren and two generations of nieces and nephews.

Contributions in memory of John Duggan may be made to the Department of Medicine Fund at Upstate Medical University and sent to the Upstate Medical Alumni Foundation, Setnor Academic Building #1510, 750 East Adams Street, Syracuse, NY 13210.

1945

Frank G. Farley, of Spartanburg, SC, died July 10. After his internship at Rhode Island Hospital, Dr. Farley served in the U.S. Air Force as a captain and flight surgeon during WWII. Following five years of surgical residencies, he went into private practice, became a Fellow of the College of Surgeons, and was board certified in general surgery. After 10 years of private practice in the Midwest, Farley joined the Dorn VA Hospital in Columbia, SC, where he progressed from chief of surgery to chief of staff. In his final years before retirement, he served as professor of surgery and associate dean for the University of South Carolina School of Medicine in Columbia, SC. He is survived by his wife, Kathryn; his daughter, Kristen; his son, Steven; and two grandchildren.

Roy S. Moore, Jr., of Fort Pierce, FL, died July 25. Dr. Moore served in the Army Medical Corps from 1944 to 1948 when he was discharged as a captain. He was board certified in urologic surgery, and was in private practice for 35 years. Moore was an assistant professor of urology at Upstate. He was also a member of several medical associations. He is survived by his wife, Carol; his son, Roy; his daughter, Dr. Melissa Brown; and many other relatives.

1946

Stephen R. Jewett, of New Bern, NC, died October 7. Dr. Jewett practiced medicine in Clarks Summit from 1949 to 1989. He was a life member of the American Academy of Family Physicians. Dr. Jewett served in the U.S. Navy from 1943 to 1949 and on inactive reserve until 1957. He is survived by his wife, Mary; his son Richard; his daughter, Dale; and several other relatives.

1947

Norman L. Currie, of Hollister, CA, died August 27. Dr. Currie attended medical school after serving several years in the U. S. Army infantry during WWII and established a practice in a rural section of Colorado. He was recalled into the service during the Korean War where he served as a captain and flight surgeon in the Air Force. After the war, while serving as chief surgeon at Castle Airforce Base, he established a practice in Gilroy for a year before moving to Hollister in 1956. In recognition of his many years of service, Currie received plaques, awards, and commendations from President Clinton, the United States Congress, State Medical Board, Syracuse University, and the Hollister City Council. He is survived by his wife, Sharyl; his daughters, Sharon, Debra, and Mashawn; his son Norman; and several other relatives.

1950

Mary K. Irving, of Little Falls, NY, died June 27. Dr. Irving was in general practice from 1953 to 1973 at Little Falls Hospital. In 1973, she attended Albany Medical College Hospital to serve her residency in anesthesiology and returned to Little Falls Hospital in 1975, where she continued to practice both internal medicine and anesthesiology until her retirement in July of 1990. Dr. Irving was a member of the American Medical Association, Herkimer County Medical Society, New York State Medical Society, New York State Society of Anesthesiologists, American Society of Anesthesiologists, Central New York Academy of Medicine and was past president of the Little Falls Hospital medical staff. She is survived by several relatives; her caregiver, Kathy Johns of Little Falls; and dear friends, Doris Burney, Roger and Jean Dussault, and Grant and Charlotte Phillips.

1955

Chancellor H. Whiting, Jr., of Oneida, NY, died September 2. Dr. Whiting was a well-known, respected physician and friend of the community of Oneida. After returning from the Army in 1960, where he had served as captain in the U.S. Army Corps in Germany, he started a family practice with his father, Dr. Chancellor Hill Whiting, Sr. After retiring from his office practice, Whiting became the medical director and physician of the Oneida Healthcare Center's Extended Care Facility until his retirement in 2007. Whiting had belonged to many medical organizations. He is survived by his wife, Janeth; his daughter, Debra Ann; his son, Chancellor Chip; and many other relatives.

1961

Charles M. Rowley, of Macon, GA, died May 24. Dr. Rowley served with the U.S. Air Force at Maxwell Air Force Base, Montgomery, AL, in the mid-1960's. He moved to Macon in 1969 and was in private practice as a neurologist until his retirement in 1996. He is survived by his daughters, Karen, Sheila and Maureen; his sons, Kevin, Brian and Brendan; and many other relatives.

1967

John E. Bennett, of Columbia, MO, died April 21. Dr. Bennett served in the U.S. Navy during the Vietnam War, stationed at El Toro Marine Air Station in Orange County, CA, rising to the rank of lieutenant commander. He then joined a private medical practice in 1971 in West Seneca, NY, before moving to Columbia, MO, where he worked until his retirement in 2006. Bennett's career was characterized by exceptionally compassionate care for his patients. He is survived by his wife, Karen; his daughters, Jill and Robin; his son, Todd; his brother, Robert; and six grandchildren.

Robert A. Richman, of Jamesville, NY, died August 18. He was professor of pediatrics and former Chief of Pediatric Endocrinology at Upstate Medical University and former president of the Syracuse Medical Alumni Association Board of Directors. Dr. Richman is survived by his former wife, Donnie; their three children, Peter Richman, MD '93, of Scottsdale, AZ, Michael of Bedford, MA; and Tamara of Cambridge, MA; their three grandchildren, Cara, Dante, and Samuel; and his two brothers, Steven of Great Neck, NY, and Richard of Greenwich, CT.

1974

David J. Borrelli, of Needham, MA, died February 9.

House Staff

Martin E. Baurer, of Hewitt, TX, died February 8.

Timothy Driscoll, of Hernando, FL, died March 12. Dr. Driscoll received his MD at the University of Vermont College of Medicine. He attended the Air Force School of Sciences and was a rated flight surgeon. Driscoll was the Chief of Medicine and Chief of Pediatrics at USAF Regional Hospital Sheppard AFB, TX. He retired in 1987 as director of Base Medical Services at Hanscom AFB, MA. He is survived by his wife, Nancy; his sons, Timothy, Stephen and William, his daughter, Ellen; and many other relatives.

Robert S. Kish, of Jensen Beach, FL, died February 10. Dr. Kish was in private urology practice in State College, PA, from 1970 until his retirement in 2000. He was an adjunct professor at Penn State Hershey Medical Center and also held a patent for the Kish Illuminating Catheter used in gynecological surgery. Kish was a past president of the Pennsylvania Urological Association and was an active member of the Mid-Atlantic Section of the American Urologic Association. He was also a Fellow of the American College of Surgeons. He is survived by his wife, Terry; and four daughters.

Herbert K. Luke, of Honolulu, HI, died July 5. Dr. Luke was born in Honolulu and retired from Occupational Medicine & Surgery, Inc. and Straub Clinic and Hospital. He is survived by his wife, Faith; his son, Leslie; his daughters, Elaine, Diane and Lisa; and several other relatives.

Edward A. Oppenheimer, of Los Angeles, CA, died.

Faculty

Robert B. King, died October 18. Dr. King was an internationally recognized leader in American Neurosurgery and had been Chairman of the Department of Neurosurgery at Upstate from 1966 until 1988. He earned his MD degree cum laude in 1946 from the University of Rochester. His neurosurgery training at Washington University and later faculty position there as a Markle Scholar convinced him that quality neurosurgery and research are tightly interdependent, an ideal upon which he based much of his career.

He came to Upstate in 1957 as Professor of Neurosurgery and became the chairman in 1966. During the following 22 years, his leadership provided Central New York with high quality neurosurgical care and development of a highly regarded neurosurgical training program notable for a unique commitment to scientific thought. Dr. King contributed to many aspects of national neurosurgical education; he was at various times Chairman of the American Board of Neurological Surgery, President of the American Academy of Neurological Surgery, President of the Society of Neurological Surgeons, President of the American Association of Neurological Surgeons and Chairman of the American Board of Medical Specialties. While leading the American Association of Neurological Surgeons in 1981, he founded the Neurosurgical Research and Education Foundation. Since 1983, this foundation has competitively funded research opportunities for neurosurgical trainees and young academic faculty across the country. The men and women he trained now work in many parts of the United States and in many foreign countries. He has changed the lives of countless patients through his dedication to his own patients, the work of his trainees, and his advancement of those in neurosurgery with a commitment to research. It is no surprise that he continued with his own investigative endeavors through his last weeks of his life. He is survived by his wife, Molly; his daughters, Susan and Nancy; and six grandchildren. He was predeceased by his beloved daughter, Kim.

Julius B. Richmond, of Boston, MA, died July 27. Dr. Richmond was a former U.S. surgeon general who helped found the national Head Start program in Syracuse more than 40 years ago. The Head Start program, a triumph for advocates of early intervention in childhood, was a focal point of President Lyndon B. Johnson's War on Poverty. In the late 1950s, when he was Chairman of the Pediatrics Department at SUNY Upstate Medical University, Richmond and colleague Dr. Betty Caldwell, began studying the interactions of parents and very young children in poor families. The two sought money to conduct an experiment with children, putting half into an early day care program. "All of a sudden, we were running the first infant day care center in the United States," Caldwell said. The results led Sargent Shriver, Johnson's director of the Office of Economic Opportunity, to ask

Richmond to oversee a new program, called Project Head Start, to provide preschoolers from poor families with educational day care. It was envisioned as an eight-week summer program with a few thousand participants. Richmond brought it to fruition in six months, staffed by thousands of volunteers serving more than half a million children. Richmond served as surgeon general under President Carter from 1977 to 1981. In that role, he became a fierce adversary of the tobacco industry. He received his bachelor's and medical degrees from the University of Illinois and was a flight surgeon in the Army Air Forces in World War II. Afterward, he taught pediatrics at his alma mater before moving to Syracuse in 1951. In 1967, after his first stint in Washington, DC, he returned to Syracuse, first to recuperate from tuberculosis, then to serve as Upstate's interim president and dean of the medical faculty. In 1971, he moved to Harvard. Richmond's first wife, Rhee, to whom he was married for 47 years, died in 1985. In addition to his son Charles, of Indianapolis, he is survived by his wife, Jean Berger Richmond; a second son, Barry, of Bethesda, MD; two stepsons, Steven Berger, of West Lafayette, IN; and Michael Berger, of Detroit; four grandsons; and five step-granddaughters.

Friends

Leanne Young, died August 4. She was married to **Frank E. Young, MD, '56**. Mrs. Young, a registered nurse, trained at Syracuse General Hospital and worked at Massachusetts General Hospital in Boston before returning to Memorial Hospital in Syracuse, where she became an assistant supervisor on the medicine floor. While there she met and married Dr. Young. Mrs. Young was a woman of deep faith and an active member of Fourth Presbyterian Church in Bethesda. Along with her husband, she mentored younger husbands and wives in the Couples in Christ class. To help younger women who were geographically separated from their own mothers, she organized an intergenerational bible study group. Mrs. Young also co-founded the Special Blessings Ministry to serve families of children and dependant adults with special needs. Her countless acts of kindness will live on in myriad lives she has immeasurably touched. She is survived by her husband Frank; her five children, Lorrie Jo, Debora Ann, Margaret (Peggy) Erma, Frank Edward, and Jonathan Miron; and many other relatives.

SAVE THE DATE

Reunion Weekend 2009

OCTOBER 2 & 3

CLASSES OF

1944 • 1949 • 1954 • 1959 • 1964 • 1969 • 1974 • 1979 •
1984 • 1989 • 1994 • 1999

The Upstate Medical Alumni Association announces the creation of a new award.

Beginning at Reunion 2009, the Alumni Association will honor alumni achievements with the Distinguished Alumnus Award, Outstanding Young Alumnus Award, and now

THE HUMANITARIAN AWARD

This award will be presented to an alumna/us who exceeds normal expectations in improving the lives of those in need.

A nominee must meet one or more of the following criteria:

- A humanitarian
- Gives of themselves regardless of compensation
- Provides services without expectation of remuneration
- Provides services to all equally, impartially, cooperatively, and neutrally
- Embraces common moral decencies such as altruism, integrity, freedom and honesty
- Respects and embraces human diversity
- Improves the lives of those in need through selfless, courageous, creative and compassionate acts.

Criteria credited to the American Academy of Orthopedic Surgeons

Nominations should be sent by April 4, 2009, to:

THE 2009 HUMANITARIAN AWARD
Upstate Medical Alumni Association
Setnor Academic Building #1510
750 E. Adams Street
Syracuse, NY 13210-9976

Please submit curriculum vitae/personal statement, letter of support, and any additional information about nominee with nomination.
