Dear Friends:

On behalf of the Medical Alumni Foundation, I thank you for your continued support of our medical students. I am happy to report that we were able to award close to \$300,000 in scholarships, professorships, and fellowships this year. This does not include the thousands of dollars we were able to provide in reimbursement funds for students to attend conferences and workshops, the underwriting of student events on campus, and Alumni Association-sponsored programs such as the Career Advisory Network Dinner. None of this would be possible without the charitable support of our alumni, parents, and friends.

The following 20 pages detail the contributions received this past fiscal year, for which we are especially grateful. As many of you know, the volatility of our national and global economies presented challenges for all of us. The economic downturn had serious negative impact on our endowment, and at the beginning of the year, the Medical Alumni Foundation faced the real possibility of not being able to award scholarship support to our students in 2009. However, so many of you dug deep and helped support our emergency Save Our Scholarships campaign that we were able to maintain our commitment to easing the tuition burden for many of our current students. Personally, and on behalf of Upstate Medical University, I thank you for your continued support.

Sincerely,

Vincent J. Kuss  
Executive Director
