Use of the Recorded Line for Transfers to Upstate University Hospital

[Applies to All Providers](#)

Recorded Line
Informational

Oncall physicians who are discussing cases with referring providers must use the Transfer Center recorded line for these conversations. The benefit of using the recorded line include protection of the accepting physician and more efficient mobilization of resources and bed availability. Please ensure utilizing the Transfer Center's recorded line are incorporated into your transactions with the Transfer Center for patient transfers. If you have any concerns, please speak with me or Joey Angelina, RN, at 464-3931.

Viewing Room Open House and Dedication

Viewing Room
Informational

The staff of Anatomical Pathology are pleased to announce Upstate's Viewing Room has been recently refurbished and welcome you to their Open House and Dedication to be held **Wednesday, January 14th from 1:00 – 2:00 p.m. with the Dedication starting at 1:15 pm.**

Please take a moment to stop by this very special resting place where families are able to pay their last respects to their loved ones. Upstate is the only area hospital with a viewing room so it is my hope that all would be interested in learning what we have to offer families at such a very difficult time.

The Viewing Room is located next to the morgue on the 4th floor of the hospital's East Wing. It is easily accessible by taking the freight elevator next to the Paint Shop on the first floor.
