

## FACULTY POSITIONS

### Department of Pharmacology

#### State University of New York, Upstate Medical University

Applications are invited for a tenure-track positions at the Assistant Professor level. Successful applicants will be expected to develop a well-funded research program that complements existing strengths in the Department and University, including molecular pharmacology, drug discovery and development, cancer biology and therapeutics, cardiovascular science, nanomedicine, neurodegeneration and cell signaling. The applicant will also be expected to contribute to graduate and medical teaching. Positions are state-supported with a guaranteed base salary, excellent fringe benefits, and competitive start-up funds. Further information about this position and the Department can be found at <http://www.upstate.edu/pharm>.

Applicants should have a Ph.D. or equivalent, postdoctoral experience, and a strong publication record. Please apply online and submit a cover letter, curriculum vitae, and a research statement (up to three pages) consisting of a summary of accomplishments and description of future plans to [www.upstate.edu/jobs](http://www.upstate.edu/jobs), [job#051187](http://www.upstate.edu/jobs/job#051187). Also arrange for three letters of reference to be sent to the attention of Dr Richard Wojcikiewicz, Ph.D., Chair, Department of Pharmacology, at [PharmSearch@upstate.edu](mailto:PharmSearch@upstate.edu)

Review of applications will begin Sept 1, 2018, and will continue until the positions are filled.

*At SUNY Upstate Medical University we strive to promote a professional environment that encourages varied perspectives from faculty members with diverse life experiences. A respect for diversity is one of our core values. We are committed to recruiting and supporting a rich community of outstanding faculty, staff and students. We actively seek applications from women and members of underrepresented groups to contribute to the diversity of our university community in support of our teaching, research and clinical missions.*
