STRUCTURAL BIOLOGY POST-DOC POSITION

A post-doctoral position is available immediately to join the group of Dr Richard Wojcikiewicz and our efforts to understand the degradation of IP₃ receptors by the ubiquitin-proteasome pathway. This work is supported by NIH and other sources and will be conducted in collaboration with Dr Gino Cingolani's structural biology group. Candidates must have experience in molecular and structural biology.

Richard J.H. Wojcikiewicz, Ph. D.,
Professor and Interim Chair of Pharmacology

Colleges of: Medicine • Graduate Studies • Health Professions • Nursing • University Hospital
