

"The Poison Look-Alike Flip Chart "

ORDER FORM

Poison Center Look Alike Flipchart

Finally, a Look-alike teaching tool that is easy to carry and is cost effective!

The Flip Chart allows teachers of all kinds, to demonstrate how easy it is to confuse common household products, potential poisons, with food products. The Flip Chart contains 20 matched sets of similarly labeled products, one a potentially poisonous product, the other, a food product and displays the generic "Helpline" 1-800-222-1222 logo. Additionally the Flip Chart contains a letter explaining the purpose of the Flip Chart and poison prevention information. This Flip Chart measures 12" by 9" with a self-contained easel for ease in tabletop display, which folds away when used as a handheld display. The cover is durable and water resistant. Pages are laminated.

Cost: \$ 75.00 (Includes administration fee and shipping costs)
