In the Calendar

John B. McCabe, MD, Visiting Professor in Emergency Medicine Lecture, 4/26, 11 a.m. Sheraton Syracuse University Hotel. See Update calendar inside.

Take Note

2002 On My Own Time Art Show set for April 8-May 3

Visit Upstate’s On My Own Time Art Show in the Health Sciences Library in Weiskotten Hall. The show spotlights the artistic talents of SUNY Upstate employees, students, retirees and volunteers.

Paul Cunningham, MD welcome reception is May 14

The Upstate Medical University community is invited to attend a welcome reception for Paul R. G. Cunningham, MD, the new chair of the Department of Surgery, Tuesday, May 14 from 4:30 to 6:30 p.m. in the Institute for Human Performance. The reception is hosted by Gregory L. Eastwood, MD, president of SUNY Upstate, and Michael Roizen, MD, dean of the College of Medicine.

W. French Anderson, M D, and C. Barber Mueller, M D, to receive honorary degrees

W. French Anderson, M D, a distinguished researcher in the field of gene therapy, and C. Barber Mueller, M D, a pioneer of breast cancer research, will receive honorary degrees and address graduating students at SUNY Upstate Medical University’s Commencement Ceremony.

Commencement for graduates of Upstate’s Colleges of Medicine, Health Professions, Nursing and Graduate Studies will be held Sunday, May 19 at 1 p.m. in the John H. Mulroy Civic Center Crouse Hinds Theater.

Dr. Anderson is director of the Gene Therapy Laboratories and professor of biochemistry and pediatrics at the University of Southern California Keck School of Medicine. He is a full member of the Norris Comprehensive Cancer Center and the program coordinator for gene therapy in the Institute of Genetic Medicine. Before joining the USC faculty, he was chief of the molecular hematology branch at the National Heart, Lung and Blood Institute at the National Institutes of Health where he worked as a gene therapy researcher and was also chair of medicine and physiology in the NIH Graduate Program.

Wednesday, April 24

Anesthesiology Grand Rounds. 7 a.m. Wsk. Hall, M edical Alumni Aud.

Otolaryngology and Communication Sciences Grand Rounds. 7 to 8 a.m. 6500 University Hospital.

Surgical Grand Rounds. Presenter: Sergio Casillas-Romero, M D, Upstate Medical University. 8 to 9 a.m. 2231 Wsk. Hall, M edical Alumni Aud.

Orthopedic Surgery Grand Rounds. "Rheumatoid Cervical Spine." Presenter: Matthew Bennett, M D, Upstate Medical University. 8 a.m. 6500 University Hospital.

Department of Pediatrics Research Poster Session. 5342 University Hospital.

Department of Pediatrics Research Platform Presentations. 6500 University Hospital.

Volunteer Memorial Service. 10:15 a.m. University Hospital Interfaith Chapel.

Health Sciences Library Tour. Noon. Meet at New Book area.

Combined Infectious Diseases Conference. "Infection in Transplant Patients (Part II)." Presenter: Kyong-Wook Yim, M D, Upstate Medical University. 4 p.m. 118 University Hospital.

Medical Grand Rounds. "Bilateral Renal Masses." Presenter: Sara Gretheim, M D, Upstate Medical University. 8:30 a.m. Wsk. Hall, M edical Alumni Aud.

Psychiatry Grand Rounds. "Management of Conduct Disorder in Children and Adolescents." Presenter: Steven J. Donovan, M D, Columbia University. 12:30 to 2 p.m. PB S Bldg.

Friday, April 26

Obstetrics/Gynecology Grand Rounds. "Ethics in a Short White Coat." Presenters: Kathy Faber-Langendoen, M D and Catherine Caldicott, M D, Upstate Medical University. 7:30 a.m. Marley Education Ctr., S ulzle Aud.

Workshop. "MEDLINE on the WEB." 11 a.m. to noon. Health Sciences Library, Wsk. Hall.

Saturday, April 27

Nursing Enhancement Program. "Diagnostic Tests: Getting Your Patient Ready." 8:30 a.m. to noon. Wyndham Syracuse, Carrier Circle.

Let's Not Meet By Accident. Visiting School: M anlius Pebble Hill Driving School. 9 to 11:30 a.m. University Hospital, Emergency Department.

Monday, April 29

Childbirth Education Class. 2 to 4 p.m. Women's Health Services, UH CC, third floor. Call 464-2169 to register.

Tuesday, April 30

Let's Not Meet By Accident. Visiting School: Cazenovia High School. 9 to 11:30 a.m. University Hospital, Emergency Dept.

Wednesday, May 1

Anesthesiology Grand Rounds. 7 a.m. Wsk. Hall, M edical Alumni Aud.

Otolaryngology and Communication Sciences Grand Rounds. 7 to 8 a.m. 6500 University Hospital.

Surgical Grand Rounds. "History of ARDS and a Look to the Future." Presenter: Thomas Petty, M D, University of Colorado Health Sciences Center. 8 to 9 a.m. 2231 Wsk. Hall.

Orthopedic Surgery Grand Rounds. "Unicompartamental Knee Arthroplasty." Presenter: Brian M akhuli, M D, Upstate Medical University. 8 to 9 a.m. 6500 University Hospital.

Pediatric Grand Rounds. 9:15 a.m. 6500 University Hospital.

Health Sciences Library Tour. Noon. Meet at New Book area.

Combined Infectious Diseases Conference. "Chronic Hepatitis C: Diagnostic and Individual Approach to Treatment." Presenter: Robert Levine, M D, Upstate Medical University. 4 p.m. 118 University Hospital.

Neurology/Neurosurgery Grand Rounds. "ESTEEM: Essential Strategies and Trends in Epilepsy Evaluation and Management." Presenter: Claude G. Wasterlain, M D, UCLA School of Medicine. 4 p.m. 6500 University Hospital.

Burn Survivors Support Group. 5 to 7 p.m. 6408 University Hospital.

Thursday, May 2

Medical Grand Rounds. 8:30 a.m. Wsk. Hall, M edical Alumni Aud.

Psychiatry Grand Rounds. 12:30 to 2 p.m. PBS Bldg.

Friday, May 3

Faculty and Resident Development Program. "Education for Physicians in End-of-Life Care (EPEC)." Call 464-4606 for more information.

Obstetrics/Gynecology Grand Rounds. "Uterine Atony at Cesarean Section." Presenter: George P. Chambers, Jr., M D, Upstate Medical University. 7:30 a.m. Marley Education Ctr., Sulzle Aud.

3rd Annual Safe Kids Night. Event begins at 6 p.m. Skychiefs vs. Charlotte Knights game begins at 7 p.m. P & C Stadium.

Saturday, May 4

Faculty and Resident Development Program. See 5/3 Calendar listing.

Monday, May 6

Childbirth Education Class. See 4/29 Calendar listing.
Tuesday, May 7

Let’s Not Meet By Accident.
Visiting School: J.C.B. High School. 9 to 11 a.m.
University Hospital, Emergency Dept.

Volunteer Recognition Dinner.
Social: 5:30 p.m. Dinner: 6:15 p.m. Drumlins Country Club.

Wednesday, May 8

Anesthesiology Grand Rounds.
7 a.m. Wsk. Hall, Medical Alumni Aud.

Otolaryngology and Communication Sciences Grand Rounds.
7 to 8 a.m. 6500 University Hospital.

Orthopedic Surgery Grand Rounds. 8 to 9 a.m. 6500 University Hospital.

Emergency Medicine Grand Rounds. 11 a.m. to noon. 318 Health Sciences Library.

Health Sciences Library Tour. Noon. Meet at New Book area.

Combined Infectious Diseases Conference. “Leishmaniasis.” Presenter: Shelley Gilroy, M D, Upstate Medical University. 4 p.m. 118 University Hospital.

Neurology/Neurosurgery Grand Rounds. Presenter: Ross Bullock, M D, Virginia Commonwealth University Health Center. 4 p.m. 6500 University Hospital.

Thursday, May 9

Medical Grand Rounds.
Discussant: Marie Demierre, M D, Boston University School of Medicine.
8:30 a.m. Wsk. Hall, Medical Alumni Aud.

Psychiatry Grand Rounds.
12:30 to 2 p.m. PBS Bldg.

Friday, May 10

Obstetrics/Gynecology Grand Rounds. “From the Embryonic Inner Cell Mass to the New Therapies via Stem Cells: Clinical & Ethical Considerations.” Presenter: Kenneth L. Barker, PhD, Upstate Medical University. 7:30 a.m. Medical Alumni Aud.

SUNY Upstate Commencement continued from page 1

He headed the team that carried out the first approved gene therapy clinical protocol, is recognized as an ongoing innovator in the area of human gene transfer, and is a leading ethicist in human genetic engineering. He has been called the “Father of Gene Therapy.”

The focus of Dr. Anderson’s present research is the development of advanced gene therapy delivery systems. One major goal is to design virus based vectors (organisms that transmit a disease) that can be injected directly into patients in order to accomplish gene transfer. This delivery system would be directly applicable to a wide range of human diseases including cancer, cardiovascular disease, AIDS and genetic diseases. The work is a continuation of his earlier research that led to the first approved human gene therapy trial in 1990.

Dr. Anderson’s future goals include the development of gene therapy using hematopoietic stem cells (since stem cells replenish the blood system throughout life, stem cell gene therapy should provide a cure for genetic diseases), and the development of in utero gene therapy for the treatment of genetic diseases that produce irreversible damage before birth. Dr. Anderson’s laboratory also collaborates with other programs to develop gene therapy clinical protocols for a range of human diseases including cancer, genetic diseases, AIDS, and cardiovascular diseases.

C. Barber Mueller, M D, is professor emeritus of surgery at McMaster University in Canada. He is accomplished in both academic surgery and medical education. Dr. Mueller was one of the founders of an innovative program, the “Problem-Based Learning” method for the education of medical students at McMaster University in Canada. The method has been adopted by many medical schools and has revolutionized medical education around the world.

While his accomplishments have been broadly in the fields of medicine, surgery and medical education, his scholarly work has been largely in the area of the identification and treatment of breast cancer and renal disease.

Dr. Mueller served as professor and chair of the SUNY Upstate’s Department of Surgery from 1956 to 1967, developing it into a full-time academic department. As chair, he also developed a residency training program, improved the education of medical students and substantially upgraded the practice of surgery in this region.

During his distinguished career as an academic surgeon, Dr. Mueller has received many awards. He was a Markle Scholar and received the Distinguished Service Awards from the Association for Academic Surgery and the American College of Surgeons.

He is the author of 125 publications with special emphasis on breast cancer, renal disease and other surgical topics and has written widely on issues in medical education.

Saturday, May 11

2002 Infectious Disease Pharmacotherapy Update. 8:15 a.m. to 3:30 p.m. Wsk. Hall, Medical Alumni Aud.
Free Nursing Forums offered

University Hospital will offer four free Nursing Forums at its HealthLink site in the lower level of ShoppingTown Mall, DeWitt. The forums are:

- "Forensic Nursing," to be held Monday, April 29 from 7 to 9 p.m. Presenters include Regina McCraw, legal counsel for University Hospital and a former emergency department nurse, several University Hospital emergency department nurses, and representatives from the County Medical Examiner’s office.

Participants will examine a nurse's role in evidence gathering, preservation and documentation and interagency cooperation. The presenters offer various perspectives and guidelines.

- "Massage Therapy in Oncology Nursing and Sexuality and the Oncology Patient," to be presented Wednesday, May 15 from 6 to 8 p.m. Presenters Heidi See and Katherine Leonard will examine the role of massage therapy in cancer treatment and when and how to discuss sexuality with the oncology patient.

- "Neuroscience Nursing," will be presented Tuesday, June 4 from 5 to 8 p.m. by Gerard Rodziewicz, M.D., of Upstate's neurosurgery department, and Paul Kent, M.D., of Upstate's neurology department. Topics include assessing the deteriorating neuroscience patient, advances in stroke treatment, and understanding what is happening physiologically and what to do when you recognize symptoms.

- "Critical Care Nursing: There But For the Grace of God Go I," will be presented Wednesday, June 26 from 5 to 7 p.m. by University Hospital critical care staff. Topics include the role of the trauma nurse, ways the trauma nurse can provide optimum response and care, and what trauma nurses need to cope with critical situations.

The forums have been submitted to the Institute for Continuing Nursing Education for contact hours.

Space is limited. To register, call Health Connections at 800-464-8668 or visit www.upstate.edu.

Two presidents and a chancellor

Gregory L. Eastwood, M.D., president of SUNY Upstate Medical University (left), and Cornelius B. Murphy, Ph.D., president of the SUNY College of Environmental Science and Forestry (right), listen to Robert King, chancellor of the State University of New York, at the annual SUNY Day luncheon, held in Albany March 5.

CARE program to present clinic during Open House April 25

The McMahon/Ryan Child Advocacy site will sponsor an open house Thursday, April 25 at its 509 W. Onondaga Street site. During the event, University Hospital’s Child Abuse Referral Evaluation (CARE) program will hold a clinic to evaluate children for suspected abuse. The clinic is funded by proceeds raised from the “Sounds of the Season” fundraiser.

The McMahon/Ryan Child Advocacy is a site for professionals to investigate and treat child abuse. It also serves as a resource for families.

For more information about the Open House or the CARE clinic call 701-2985.

Mindful Eating and Stress Reduction programs offered

University Hospital’s Mindful Living & Stress Reduction Program will be held Monday evenings from April 29 through June 17 in Manlius. The program fee is $400; however, a sliding scale is available. To register or for more information, contact Scott Treatman, 655-8637, fax: 655-0324, email: needledoc@msn.com.
Getting patients ready for diagnostic tests is topic of nursing program April 27 and May 4

“Diagnostic Tests: Getting Your Patient Ready” will be offered April 27 and May 4 from 8:30 a.m. to noon at the Wyndham Syracuse on Carrier Circle. The same program will be presented on both dates.

The program, designed for nurses and nursing students, is approved for 3.6 contact hours by the Institute for Continuing Nursing Education.

The program will review the many types of radiological diagnostic studies performed on patients and will be conducted by professionals from Upstate’s Departments of Radiology and Endoscopy.

It is part of the Nursing Enhancement Programs (formerly the Clinical Focus Series), presented by Upstate Medical University’s Nursing Alumni Association and the Institute for Continuing Nursing Education.

The registration fee is $30 per person. Enrollment is limited to 30 individuals.

For more information, contact the Nursing Alumni Office at 464-4278.

Phonathon: a success

The Medical Alumni Foundation thanks all volunteers and donors for their help in making this year’s phonathon a success. More than $175,000 was pledged for student scholarships and programs. For more information about the Medical Alumni Foundation, contact the Medical Alumni Relations and Giving Office at 464-4361.

Nephrology and Urology is topic of Pediatric Teaching Day June 5

“Pediatric Nephrology and Urology” is the topic of the 2002 Pediatric Teaching Day Wednesday, June 5 from 7:30 a.m. to 1 p.m. at the OnCenter. This program is for physicians and nurses who care for children.

Teaching Day speakers include Upstate pediatric nephrologists Scott Schurman, M.D., and James Listman, M.D.; Thomas Welch, M.D., chair of Upstate’s pediatrics department and a pediatric nephrologist; and Jyoti Upadhyay, M.D., a pediatric urologist, who will join Upstate’s pediatrics department in August. The Teaching Day also includes a question and answer session. For more information, call Continuing Medical Education at 464-4606.

Faculty and resident development program offered May 3 and 4

Upstate Medical University is co-sponsoring a faculty and resident development program, “Education for Physicians in End-of-Life Care (EPEC),” Friday and Saturday, May 3 and 4. This program will earn 14 hours of CME credit and will be offered free of charge to interested faculty and house staff.

Program content includes gaps in end-of-life care, advance care planning, communicating bad news, whole patient assessment, cultural diversity, legal issues, goals of care, medical futility, physician-assisted suicide, pain management, depression, anxiety, delirium, common physical symptoms, care of the caregiver, caring for yourself, sudden illness, withholding/withdrawing treatment, and last hours of care.

Contact the CME office at 464-4606 or visit their website to register: www.upstate.edu/cme.
American Heart Association Walk/Run raises more than $380,000

Approximately 4,200 people raised more than $380,000 at the American Heart Association’s Annual Walk/Run, held recently at the New York State Fairgrounds.

Thanks to the outstanding leadership and recruitment efforts of Upstate’s team captains, 317 walkers/runners from Upstate participated in the event, raising $12,556.

Photographed are a few of this year’s Upstate participants. Visit www.upstate.edu/events and click on heart thank you to view more photographs taken at the event.
2002 Infectious Disease Pharmacotherapy Update is scheduled May 11

The 2002 Infectious Disease Pharmacotherapy Update will be held Saturday, May 11 from 8:15 a.m. to 3:30 p.m. in the Weiskotten Hall Medical Alumni Auditorium.

The program will describe the framework of antimicrobial development; the mechanisms by which antimicrobial resistance genes and bacteria that contain them are spread; the most appropriate antimicrobial therapy; appropriate antibiotics for management of diabetic foot infections based upon antimicrobial activity, and tissue penetration and published clinical trials, among other topics.

Upstate Medical University speakers are Betty Ann Forbes, PhD; Roy Guharoy, PharmD; and Frederick B. Rose, M.D. Program moderator is Donald C. Blair, M.D.

Other featured speakers are: Milap Nahata, PharmD, of Ohio State University; Gordon L. Archer, M.D., of the Medical College of Virginia; John F. Fisher, M.D., of the Medical College of Georgia; Donald H. Batts, M.D., of Michigan State University; and John J. Zurlo, M.D., of Pennsylvania State University.

The program is approved for 5.5 credit hours in Category I of the Physician’s Recognition Award of the American Medical Association; 5.5 Continuing Education Unit Contact Hours for pharmacists; and 6.6 Continuing Education Unit Contact Hours for nurse. Pharmacists who are not members of CNYSHP will receive CE Certificates at the end of the program.

The program is free and is a community outreach program of Upstate Medical University.

To register, call 464-4311 or e-mail your response to wagnera@upstate.edu.

Health Connections nurses attain national certification in telephone nursing practice

Four Health Connections’ registered nurses are among the first in the nation to attain certification in telephone nursing practice. Melissa Cosser, R.N., B.A., Anne Klaczko, R.N., A.A.S. Karen Allen, R.N., B.S.N. and Sondra Mott, R.N., B.A. recently passed the examination sponsored by the National Certification Corporation (NCC) for the obstetric, gynecologic and neonatal nursing specialties. To be eligible for the certification, RN’s must have two years subspecialty practice experience comprised of a minimum of 2,000 hours of telephone triage experience.

The NCC examination evaluates the nurses’ competency in adult and pediatric telephone triage assessment skills, critical thinking and communication skills, professional and legal issues, and clinical expertise.

In 2000, the NCC identified telephone triage as an emerging and important nursing subspecialty in a wide spectrum of clinical practices including adult primary care and pediatrics. The Corporation then began the process of developing certification for nurses to be able to demonstrate and be recognized for the skills and knowledge needed in telephone nursing.

Health Connections staff, including medical director, Dr. Peter Mariani, had an active role in the development of the certification exam. Nationally recognized for quality as a comprehensive hospital-based medical call center, University Hospital’s Health Connections was requested to submit test items to the NCC content team in the summer of 2000. Health Connections staff researched and formulated 25 exam items for consideration by the commission. Expanding on their traditional base of obstetric, and neonatal nursing specialties, the NCC has now established an ongoing process for credentialing telephone triage nurses.

Health Connections RN’s handle over 50,000 calls a year, provide 24/7 community-based telephone nursing services, and perform contractual telephone triage services for over 100 physicians in private practice.
Little Gifts for Life auction raises $195,000

Little Gifts for Life, held March 23 at the OnCenter, attracted 263 guests and raised $195,000 for University Hospital’s Center for Children’s Cancer and Blood Disorders. A highlight of the event was an address by Erin Hannagan, a third-year medical student whose diagnosis of Hodgkin’s Disease and the subsequent care she received at the Center for Children’s Cancer and Blood Disorders served as her incentive to become a doctor.

During the event, 7H nurse Cheryl Cook received the Scott Carter Award for her dedication to patient care. The award was named in memory of a former nurse at the Center for Children’s Cancer and Blood Disorders.
**Change in Payroll Services window hours on paycheck day**

- Effective Friday, May 3, the paycheck distribution hours for research employees at the University Hospital Room 1115 window on paycheck days will be 9 to 10 a.m.
- Effective Wednesday, May 8, the paycheck distribution hours for state employees at the University Hospital Room 1115 window on paycheck days will be 6:30 to 10 a.m.

   Department representatives and employees who are not able to pick up paychecks during their appropriate times must pick up paychecks at 100 Jacobsen Hall from 10 a.m. to 4:30 p.m.

   Direct deposit advices (stubs) will continue to be mailed via the U.S. Postal Services. Individuals who need to change their address should forward the address change in writing to the Payroll Services Department, 100 Jacobsen Hall all as soon as possible.

   Payroll Services Department encourages direct deposit. To enroll in direct deposit, contact Payroll Services at 464-6350 or visit 101 Jacobsen Hall at 10 a.m. and 4:30 p.m.

   Contact Payroll Services at 464-6350 with questions.

**Smartforce online tutorials now available at SUNY Upstate**

SmartForce courses are an excellent resource for individualized, self-paced computer training. To take advantage of the tutorials, visit http://smartforce.upstate.edu or look for the SmartForce link on the faculty, staff & volunteers section on the Upstate website under the Education and Training Opportunities heading.

Using SmartForce, SUNY Upstate students, faculty and staff have access to self-paced, computer-based training on many popular computer applications such as Microsoft Office 97, 2000 (Word, Excel, and Access) and many other computer technologies. The courses offered through SmartForce are only available within the Upstate Medical University intranet. Instructions on using SmartForce and minimum system requirements to run Smartforce tutorials are found on the SmartForce introduction page. If you need further technical assistance when using Smartforce, contact the IMT Help Desk at 464-4115.

**Funding available for career advancement programs**

TANF Workforce Development Grant funds have been awarded to Iroquois Healthcare Association (IHA) to help cover tuition reimbursement, travel, day care costs, wages and replacement cost associated with the time an employee spends away from his/her current job to receive training in the following areas: career ladder training programs for LPNs, technicians, and RNs; health careers promotion for the recruitment and vocational training for junior and senior high school students; paraprofessional recruitment, training, and retention program for 14 job titles including nurse assistants, coders, PCAs).

Potential candidates for this program should call 1-866-447-3432 to determine eligibility.

**Faculty Organization and Medical College Assembly to meet May 15**

Upstate Medical University will hold its Faculty Organization Annual Meeting Wednesday, May 15 at 4 p.m. in the Weiskotten Hall Medical Alumni Auditorium.

The Faculty Organization Meeting will be followed by the Medical College Assembly Annual Meeting, to be held at 5 p.m. in the Medical Alumni Auditorium.

---

**Pet Rabbit donated to Upstate Child Care Center**

Preschool children from the Upstate Child Care Center gather around their new classroom pet rabbit, Jelly Bean. The Child Care Center extends special thanks to PETCO on Erie Boulevard for donating the rabbit cage and supplies. Children from left are: Daniel Mark, Marni Levine, Kyler Harrington, Alex Huard, Mikaela Norris, Lily Hurteau, Zachary Zajdel, Owen Kelley, Kevin Krause, and Kathryn LaCasse.

**S UN Y U p s t a t e M e d i c a l U n i v e r s i t y briefs**

**UPSTATE update**
Pediatrics appointments announced

Nancy J. Roizen, M.D., a leading expert on Down's syndrome and developmental pediatrics, has been named professor of pediatrics at SUNY Upstate Medical University. In addition to her faculty appointment, Dr. Roizen will serve as vice chair of educational affairs and division director of pediatric neurosciences.

As division director of pediatric neurosciences, she heads Upstate's new Child Developmental Center, providing services to children with autistic spectrum disorder, Down syndrome, mental retardation and cerebral palsy.

Dr. Roizen directed the Down syndrome Clinic at La Rabida Children's Hospital and Research Center in Chicago from 1985 to 2001 and served as an attending physician with the Child Development and Disability Clinic at University of Chicago's Children's Hospital and the

Hyper-activity, Attention and Learning Problems Clinic, also at the University of Chicago.

Her research interests include Down syndrome, attention deficit hyperactivity disorder, the early identification of hearing loss and congenital toxoplasmosis.

Her clinical specialties include child development, Down syndrome and children with disabilities and developmental delays.

Dr. Roizen earned her medical degree in 1972 from Tufts University and completed her residency in pediatrics at Johns Hopkins Hospital and Health System. She completed two fellowships in developmental and behavioral pediatrics at Johns Hopkins and the University of California at San Francisco.

Nienke Dosa, M.D., has been named assistant professor of developmental pediatrics at SUNY Upstate and medical director of Upstate's Spina Bifida Center. The center provides comprehensive medical and surgical care to children and adults with Spina Bifida. The center will expand to provide interdisciplinary services and care coordination to children with a wide variety of physical and other services.

Dosa earned a medical degree from SUNY Upstate in 1994 and completed her pediatric residency at Upstate in 1998. She completed a fellowship in public health and neurodevelopmental disabilities at the University of Rochester College of Medicine and Dentistry. She earned a master of public health degree from the University of Rochester this year.

Health Sciences Library Art Gallery

NOW THROUGH MAY 3

On My Own Time Art Show

Third Annual Safe Kids Night at P & C Stadium is May 3

"Use Your Head, Wear Your Helmet" is the theme of the Third Annual Safe Kids Night, to be held May 3 at the P & C Stadium. The Advocates for Upstate Medical University serve as the major sponsor of this event.

The event begins at 6 p.m. and features informational displays and giveaway items for children. The Skychiefs vs. Charlotte Knights game will begin at 7 p.m.

For free tickets or more information, contact the Advocates Office at 464-5610.
