

Translational Program In Lifetime Survivorship Issues for Cancer Patients

Name/ Title	Email/Phone	Keywords	Department
Program Co-Leader Timothy A. Damron, MD David G. Murray Endowed Professor	damront@upstate.edu 315-464-9956	Musculoskeletal tumors, Post-radiation bone fragility, Soft tissue sarcomas, Limb salvage & reconstruction	Orthopedic Surgery
Program Co-Leader Megan E. Oest, PhD Assistant Professor	oestm@upstate.edu 315-464-9955	Bone biochemistry, Post-radiation bone fragility, Osteoclast biology, Marrow progenitor cells	Orthopedic Surgery
Ruban Dhaliwal, MD, MPH Assistant Professor	dhaliwar@upstate.edu 315-464-5726	Endocrinology, Diabetes, Osteoporosis	Medicine: Endocrinology, Diabetes, & Metabolism
Jason A. Horton, PhD Assistant Professor	hortonj@upstate.edu 315-464-9957	Stem cells, Marrow adiposity, Radiosensitization, Soft tissue sarcomas	Orthopedic Surgery
Kenneth A. Mann, PhD Professor	mannk@upstate.edu 315-464-9963	Biomechanics, Bone fragility, Computational modeling	Orthopedic Surgery
