

Translational Program in Urological Cancers

Name/ Title	Email/Phone	Keywords	Department
Program Co-Leader Gennady Bratslavsky, MD Professor and Chair	bratslag@upstate.edu 315-464-4473	Urological cancers, Kidney cancer, VHL	Urology
Program Co-Leader Leszek Kotula, MD/PhD Associate Professor	kotulal@upstate.edu 315-464-1690	Prostate cancer Tumor progression Tumor genetics Cell signaling Abi1/WAVE complex	Urology Biochemistry & Molecular Biology
Mehdi Mollapour, PhD Professor	mollapom@upstate.edu 315-464-8749	Kidney Cancer Breast Cancer Chaperones Hsp90 Targeted Therapy Drug Resistance	Urology Biochemistry & Molecular Biology
Dimitra Bourboulia, PhD Assistant Professor	bourmpod@upstate.edu 315-464-8712	Bladder Cancer Breast Cancer Extracellular proteolysis MMPs/TIMPs Extracellular phosphorylation	Urology Biochemistry & Molecular Biology
Heidi Hehnly, PhD Assistant Professor	HehnlyH@upstate.edu 315-464-8528 Hehnlylab.com	Centrosome-based signaling in prostate cancers that lead to genomic instability and increased invasion	Cell and Developmental Biology & Urology
Wenyi Feng, PhD Assistant Professor	fengw@upstate.edu 315-464-8701	DNA double strand breaks, chromosome fragility, Break-seq, DNA replication, genome stability	Biochemistry & Molecular Biology
Margaret Formica MSPH, PhD Assistant Professor	formicam@upstate.edu 315-464-1700	Prostate Cancer Kidney Cancer Epidemiology Population Health Health Outcomes	Public Health & Preventive Medicine; Urology

<p>Telisa M Stewart MPH, DPH Assistant Professor</p>	<p>stewartt@upstate.edu 315-464-7005</p>	<p>Prostate Cancer Kidney Cancer Epidemiology Population Health Health Outcomes</p>	<p>Public Health & Preventive Medicine; Urology</p>
