

November 8, 2020

Happy Nurse Practitioner's Week 2020! There has never been a better time to celebrate our Upstate Nurse Practitioner community! During National Nurse Practitioner Week we would like to take this opportunity to recognize the extraordinary contribution Upstate Nurse Practitioners provide to our health care delivery system...especially with the unique challenges of the COVID-19 pandemic. I want to thank you all as it is our patients that benefit from your compassion and comprehensive expertise and skills. Have a wonderful week celebrating your profession and from all of us at Upstate University Hospital, we thank you for leading the way for better health care for all!
