

DNP Project I

150 Clinical Hours

3 Credits

This course is the first of three sequential clinical courses that focuses on the DNP project development providing experiential learning opportunities for the student. The course challenges the student to finalize their DNP project proposal building upon the foundation of clinical, behavioral and social sciences. Students will have the opportunity to collaborate with doctoral faculty and mentor experts to refine and develop their project proposal including submission of the final project proposal paper, Institutional Review Board (IRB) application and project implementation once approved by the IRB. Throughout the three sequential clinical courses, the DNP student will employ the expanded advanced practice nursing role competencies focusing on their populations of interest. The student meets a minimum of 150 clinical hours.

Prerequisite: NURS 710
