

SUNY Upstate Medical University introduces PHYSICAL THERAPY EARLY ASSURANCE PROGRAM (EAP) FOR COLLEGE SOPHOMORES

The Early Assurance Program offers early acceptance to Upstate Medical University's Doctor of Physical Therapy (DPT) program to undergraduate students after their second year of college. Early Assurance is designed to free students from the pressures and expense associated with applying to numerous physical therapy schools, allowing them more freedom to pursue their academic interests and experiences. Accepted students matriculate once they complete their Bachelor's Degree.

Application open now to June 15 at www.upstate.edu/eadpt

Eligible applications must have:

- A minimum cumulative and prerequisite 3.30 GPA with four of the eight required science prerequisite courses for the DPT program (www.upstate.edu/eadpt) completed by the end of the spring semester of their sophomore year with grades of "B" or higher within any major and at any accredited undergraduate institution.
- At least 40 hours of shadowing a physical therapist completed after high school graduation. Twenty of those hours must be completed with a single physical therapist.

The number of students admitted will vary by year.

We encourage students from diverse backgrounds to apply.

Questions may be answered by an Admissions Advisor by e-mailing admiss@upstate.edu or calling 315-464-4570.
