TAKE YOUR NURSING CAREER TO THE NEXT LEVEL

COLLEGE OF NURSING

AN ADVANCED NURSING DEGREE PROVIDES GREATER OPPORTUNITIES

DEGREE PROGRAMS

Bachelor of Science in Nursing - ONLINE

(For RNs with an associate degree)

Master of Science - HYBRID

- Family Psychiatric Mental Health Nurse Practitioner (FPMHNP)
- Family Nurse Practitioner (FNP)
- Pediatric Nurse Practitioner (PNP)

Doctor of Nursing Practice (DNP) - ONLINE

- Family Psychiatric Mental Health Nurse Practitioner
- Family Nurse Practitioner
- Pediatric Nurse Practitioner
- Clinical Nurse Specialist

CERTIFICATE PROGRAMS

Post Master's Advanced Certificate - HYBRID

- Family Psychiatric Mental Health Nurse Practitioner (FPMHNP)
- Family Nurse Practitioner (FNP)
- Pediatric Nurse Practitioner (PNP)

FURTHER EDUCATION FOR RNS

Our programs educate students who are already registered nurses, helping them build upon their previous education. Studies show advanced education also results in better outcomes for patients.

THE UPSTATE ADVANTAGE

- **Outstanding faculty.** Our faculty members are the primary instructors for required courses. As award-winning educators, the faculty is dedicated to teaching while also engaging in scholarly work and many in clinical practice.
- Academic medical center. The medical center environment allows our students to learn alongside students in other health professions.
- **Impressive facilities.** New facilities include dedicated classroom and laboratory space for the program, as well as a newly constructed Simulation Center.
- **Exceptional clinical education**. We work closely with our clinical sites to ensure that students have access to high quality clinical experiences in diverse practice settings.
- **Small class sizes.** We limit our enrollment per class to provide excellent student-to-faculty ratios.
- **Online courses:** These offer flexibility and are designed to keep distance learners engaged.

ONLINE

BACHELOR OF SCIENCE PROGRAM

This online RN-to-BS in Nursing degree program is a flexible, upper division program for registered nurses with associate degrees or diplomas in nursing. The courses build on the foundation of AAS education to achieve the Essentials of Baccalaureate Education (AACN, 2008)

Our program focuses on theory and application, provides exposure to many areas of nursing, and serves as a foundation for graduate study. It prepares you to deliver comprehensive care to patients of all ages in a variety of settings as a direct care provider and as a nursing leader. Our curriculum will prepare you to be a leader in a technological, information driven, complex healthcare system.

Most full-time students complete degree requirements in two years. Part-time students taking two or three courses per semester will complete the degree in three to four years. Degree requirements must be completed within 5 years of matriculation. Courses are offered online so you can create a schedule that meets your life and lifestyle. Your faculty advisor will work with you to determine the best program for you.

ADMISSION REQUIREMENTS

Associate's degree or diploma	orogram in
nursing; 60 semester hours ⁺ fro	om a basic
nursing program including:	
Anatomy & Physiology I	3-4
Anatomy & Physiology II	3-4
Microbiology	3-4
English Composition	3
English Elective	3
Psychology	3
Sociology	3
Liberal Arts/Sciences	6
Nursing	30
[†] There is no time limit to receive credit for course	es used to fulfill

admissions requirements. • Grades of "C" or higher and a cumulative GPA of 3.0 or higher.

A higher GPA may be necessary to be competitive for admission.

Spring Deadline: November 1 Fall Deadline: June 1

The master's program emphasizes clinical practice in primary care with a requirement to complete three clinical practicum semesters under the guidance of experts.

The master's program builds on the undergraduate nursing education and focuses on applying advanced theory and evidence-based data to clinical practice.

The master's program emphasizes clinical practice with a requirement to complete three clinical practicum semesters under the guidance of experts. In addition to the expertise available on campus (at Upstate University Hospital and its many specialty clinics) the College of Nursing has developed an extensive network of physician offices, hospitals, clinics and other agencies in New York State that participate in our program. These affiliations give you the opportunity to work in a variety of primary care and specialty settings with preceptors. SUNY requires each MS student to complete a masters culminating project or thesis prior to graduation.

ADMISSION REQUIREMENTS

(Family NP, Family Psychiatric Mental Health NP, Pediatric NP)

- Bachelor's Degree in Nursing
- Undergraduate GPA of 3.0. A higher GPA may be necessary to be competitive for admission.
- Active, unencumbered NYS RN license
- Current CPR certification
- One year of experience is strongly recommended
- No GREs required
- Basic Health Assessment (300 level or higher course or SUNY Upstate's NURS 330) and Basic Statistics (3 credits)
- Three letters of recommendation

Fall Deadline: April 1st

POST-MASTER'S ADVANCED CERTIFICATE PROGRAM

The Nurse Practitioner Post-Master's Program is open to registered nurses with clinical master's degrees who wish to become nurse practitioners and to certified nurse practitioners with master's degrees who wish to become certified in an additional specialty area.

Graduates of this advanced certificate program are skilled in assessment, diagnosis and management of acute and chronic health problems, and are prepared to deliver primary care services in a variety of health settings to the patient population of their choosing: family, family psychiatric mental health or pediatric.

The program typically begins in the fall and takes four semesters. NPs seeking certification in an additional specialty area, who have taken a pathophysiology course that is acceptable for transfer, may be eligible to begin the program in the spring. Nurse practitioners seeking certification in a second specialty area, who have appropriate academic and clinical experience, may qualify to complete the program in three semesters. The Post-Master's Program is a hybrid program including online and face-to-face classes. Classes are either fully online through Blackboard or meet one evening per week if classroom based.

Graduates of Nurse Practitioner Post-Master's Program may apply for New York State nurse practitioner credentialing through the College of Nursing. Graduates also are eligible to take the national American Nurses Credentialing Center nurse practitioner certificate exam.

ADMISSION REQUIREMENTS

- Clinical Master's Degree in Nursing
- Nursing and overall GPA of 3.0
- Active and unencumbered New York State RN license
- Current CPR certification
- Three letters of recommendation

Spring Deadline: November 1 Fall Deadline: April 1
