Having issues logging into your application? Here are some tips that may help!

First, make sure you have the right link:

Many log-in issues have been resolved by accessing the above link in an **incognito browser**—we highly recommend this!

Use the exact log in instructions provided to you in the invitation to complete the supplemental application. You do not want to create a new account.

Your user ID is your AMCAS ID with an “A” in front of it.

Example User ID: **A12345678** (pictured below)

Your pin is your SIX-digit date of birth in this format **MMDDYY**.

If the above *still* doesn't work, you can **clear your browser's cache and close the entire browser**, not just the tabs you have open. Re-open the browser and try logging in with your log in with your user ID and pin in the format above.

Still not working? Reach out to us to schedule a time to screenshare, and we would be happy to walk through it with you!

Good luck!
