

Women's Health Services & Contraceptive Counseling

Appointments are preferred to provide adequate time to meet your needs.

Please bring health insurance card, current contraceptive prescription (if applicable) and have previous GYN exam notes & reports sent to Student Health prior to your scheduled appointment.

Please Note: There is no co-pay for the office visit to Student Health, but any lab tests or diagnostic testing does have co-pay requirements as outlined by your Health Insurance provider. Prescription costs are the responsibility of the student after Health Insurance coverage is applied.

Services provided:

- Gynecological exam (may include Pap test, STD testing, Clinical Breast Exam, urine dipstick)
- STD/STI testing – lab requisition
- Contraceptive Counseling (prescriptions for OCP, Nuva Ring, Depo-Provera, and referrals for IUD, Nexplanon, diaphragm/cervical cap)
- Pregnancy testing – Lab requisition
- Generalized well woman counseling
- Referral for specialized gynecologic care
- Emergency contraceptive counseling – Emergency contraceptive medication can be purchased without prescription at any local pharmacy with proof of age 17 yrs or older.
