Additionally, you must also register directly through www.ahls.org
in order to be placed in the class. Registering through the AHLS
website will give you access to your pre-test & certifications at the
completion the class.

Are you prepared?

Poisons, chemical spills, dirty bombs – these are real threats in today's hazardous world. The medical treatment of people exposed to toxic substances requires specialized knowledge and skills. Hospital and pre-hospital personnel need to be able to rapidly recognize the symptoms of exposure to particular toxic substances and immediately give specific antidotes or other appropriate medical treatment. Advanced HAZMAT Life Support TM(AHLSTM) is the first and most comprehensive training program to provide medical professionals the critical skills necessary to effectively manage all aspects of hazmat exposure.

Only the best trained and best educated medical professionals are prepared to handle any emergency situation anytime, anywhere. Become a verified AHLS Provider and be ready to face the medical challenges of hazmat incidents, such as chemical spills or bio-logical attacks.

Who should attend?

Physicians, Physician Assistants, Nurses Nurse Practitioners,
Toxicologists, Paramedics, Pharmacists, Military Personnel
and Other Healthcare Professionals
