

Aware Prepare Update

Department
of Health

Office of
Health Emergency
Preparedness

May 2022

Welcome to the **May 2022** issue of the Aware Prepare (AP) Update. The AP is your bi-monthly guide to upcoming trainings related to preparedness, readiness and response. These trainings may be provided in one or more of the following formats, including: live webcasts, webinars and in-person training; archived webcasts, webinars and on demand e-learning much of which can be accessed through the NYSDOH's [NYLearnsPH.com](https://www.ny.gov/nylearnsph) Learning Management System (LMS). Questions or submissions, email: edlearn@health.ny.gov

U.S. Department of Homeland Security's "iTAK" Now available in the App Store

Public safety agencies can now benefit from the Team Awareness Kit (TAK) to help save more lives. The iOS iTAK app, now available on the Apple App Store, is a geospatial mapping tool that first responders can use to see each other's locations and communicate and coordinate better. The previously released Android version of the TAK application, ATAK, has supported hurricane relief, firefighting, national security events and daily public safety operations.

FEMA offering assistance through the National Exercise Program

State, local, tribal and territorial jurisdictions can request no-cost assistance from the NEP for exercise design, development, conduct and evaluation to validate capabilities across all mission areas. [Learn about exercise assistance on FEMA.gov.](#)

Round	Submission Deadline	Decisions Sent By
Fall 2022 Round	November 1, 2022	December 9, 2022
Spring 2023 Round	April 3, 2023	May 5, 2023

COVID-19 Quarantine and Isolation (Q&I) Calculator

- The Center for Disease Control and Prevention's (CDC) new [COVID-19 Quarantine and Isolation \(Q&I\) Calculator](#) is an online, mobile-friendly tool to help people follow quarantine and isolation guidance and get customized information for their unique situation. Developed in response to requests from partners and the public, the Q&I Calculator provides an easy-to-use way to figure out when and for how long people with COVID-19 and [close contacts](#) need to stay home, get tested, and wear a well-fitting mask.
- The Q&I Calculator is not for people with COVID-19 who are moderately or severely ill or those who have a weakened immune system—they should talk to their healthcare provider about when to end isolation. Healthcare providers can learn more about ending isolation for these populations by referring to the [Ending Isolation and Precautions for People with COVID-19: Interim Guidance](#).
- Congregate and healthcare settings, refer to [COVID-19 Quarantine and Isolation](#). Parents with children in K-12 schools or early care and education (ECE) programs should consult the program administrator.
- Add the Quarantine and Isolation (Q&I) Calculator onto your websites by embedding the syndicated content code: <https://tools.cdc.gov/medialibrary/index.aspx#/media/id/636190>.

To help you answer questions in your community, PHCC have updated their [Answers to Tough Questions](#) and [booster dose toolkit](#) with messaging guidance and a shareable graphic about the latest CDC recommendations on COVID-19 booster doses.

NYSDOH Commerce Training Institute (CTI) Courses

CTI-100

Introduction to the Health Commerce System

Friday, May 13, 2022, 9-10am
Wednesday, June 8, 2022, 2-3pm

Provider: NYSDOH Commerce Training Institute
Average Completion Time: 1 hr
Continuing Education credits: No
Enroll in LMS Course: [CTI-100](#)

The redesigned Health Commerce System (HCS) became available in March 2010. The HIN and HPN were recreated as the Health Commerce System portal, or HCS. There is no longer a separation between the HPN and HIN.

Objectives:

- Identify the major elements of the HCS architecture
- Identify the features of the HCS
- Demonstrate strategies to customize the portal for your own use.

CTI-120

Integrated Data Reporting in HERDS v.3

Tuesday, May 24, 2022, 2-3
Wednesday, June 15, 2022, 9-10am

Provider: NYSDOH Commerce Training Institute
Webinar: Yes
Average Completion Time: 1 hr
Continuing Education credits: No
Enroll in LMS Course: [CTI-120](#)

This course provides a solid foundation for adult care facilities, home health agencies, hospices, hospitals, LHCSAs, nursing homes and extension clinics to report data using the HERDS v.3 application. The course will begin with a look at how to obtain access to HERDS and how facilities will be notified when there are activities to be completed. Learners will then be provided demonstration of the new reporting platform. The session concludes with a brief overview of the pre-selected reports available from the application. This course is presented in a one-hour session via WebEx Training Center.

Objectives:

- Locate and modify the person record.
- Explain the importance of the person record in relation to HERDS.
- Demonstrate the ability to review assigned roles.
- Locate and access HERDS.
- Describe the overall structure of HERDS activities.

NYSDOH Commerce Training Institute (CTI) Courses continued

CTI-200

Communications Directory Certification

Monday, May 16, 2022, 1-2:30pm
Tuesday, June 14, 2022, 9:30-11am

Provider: NYSDOH Commerce Training Institute

Webinar: Yes

Average Completion Time: 1.5 hrs

Continuing Education credits: No

Enroll in LMS Course: [CTI-200](#)

This course provides a comprehensive review of the Health Commerce System Communications Directory, the underlying records that make up the directory, and the tools all HCS users can use to access the directory. This two-hour course will begin by examining the structure of the directory and differentiating between the actual contact information records stored for each person in the directory, and the facilities and roles those records can be associated with. Once the structure of the directory has been examined learners will review and have an opportunity to practice with the applications used to access the information stored in the directory. At the conclusion of this course learners will be able to:

- List the components of the Communications Directory
- Summarize how the components are related and work together
- Summarize the HCS emergency call down procedure, describing the role the Communications Directory plays

CTI-300

Integrated Health Alerting and Notification System (IHANS) Training & Certification

Thursday, May 26, 2022, 1-4pm
Tuesday, June 21, 2022, 9am-12pm

Provider: NYSDOH Commerce Training Institute

Webinar: Yes

Average Completion Time: 3 hrs

Enroll in LMS Course: [CTI-300](#)

This course covers all information necessary to begin the certification process for using the Integrated Health Alerting & Notification System. Participants will receive hands on practice with the tools and be offered an opportunity to complete certification.

Users who wish to complete certification are strongly encourage to send an advance message to any audience they may broadcast to as part of the certification process. Typically, course participants broadcast a sample notification to their HIN Coordinators (LHDs) or Directory Coordinators (NYSDOH).

CTI-502

New York State Evacuation of Facilities in Disasters Systems (eFINDS) version 3.0

Wednesday, May 18, 2022, 10-11am
Monday, June 27, 2022, 2-3pm

Provider: NYSDOH Commerce Training Institute

Webinar: Yes

Average Completion Time: 1 hr

Enroll in LMS Course: [CTI-502](#)

The New York State Evacuation of Facilities in Disasters Systems (eFINDS) is the patient/resident tracking application housed on the Health Commerce System (HCS).

This course provides a solid foundation for registering and updating patient/resident location information during an incident or event, such as a storm, flood, non-natural incident or practice exercise/drill. Course participants will be provided a demonstration of the eFINDS application including: eFINDS Data Reporter and eFINDS Data Administrator role permissions; how to register a patient/ resident with a scanner and without; use a spreadsheet to register multiple patient/residents; update patient/resident tracking information as an evacuating facility, and as a receiving facility. The session concludes with hands-on exercises.

New and Upcoming Live Events: Note: *Some items are marked with **NEW!** generally indicating that the promotion is new to this edition of the Aware Prepare Update.*

What is your preferred delivery type of training in Spring/Summer 2022?

It has been two years since the first lock-down of the COVID-19 Pandemic. To meet the demands of learning, various training modalities such as live virtual, web on-demand, and blended learning have been adopted widely. As the world adapts to a new state of normal, we would like to hear how you would like to receive future training about economic and housing recovery. Please take our short, anonymous survey to help guide our planning. [**Take Our Short Training Type Survey**](#)

Earn CE with new courses from Project Firstline

Looking to earn continuing education (CE)? Project Firstline is excited to announce the launch of two new CE courses:

- [Ventilation, Source Control, and Hand Hygiene](#) – Learn how ventilation, hand hygiene, and source control keep germs from spreading in healthcare facilities.
- [How COVID-19 Spreads](#) – Understand how COVID-19 spreads, why infection control actions for COVID-19 focus on keeping respiratory droplets out of the air and away from other people, and why infection control actions for COVID-19 work for new strains of the virus.

You can find all courses at [Training and Continuing Education Online \(TCEO\)](#), and available CE includes CME, CNE, and CPE.

[Earn a certificate of completion](#) for watching *Inside Infection Control* episodes on CDC TRAIN. Launch the video from TRAIN to receive your certificate.

Psychological First Aid [Live Virtual Course]

Background

Psychological First Aid is an early intervention that can be used to support anyone who is stressed or distressed, including patients, clients, and col-leagues. This training will present a toolkit of supportive elements that can be used to help others, regardless of the setting or source of the stress, in order to remove barriers to natural resilience.

Target Audience

Hospital, nursing home, adult care facility, Local Health Department, Emergency Medical Services, and Emergency Management.

Pre-requisites

No pre-requisites

Faculty

Amy Nitza, Ph.D., LMHC, Director of the Institute for Disaster Mental Health at SUNY New Paltz.

Karla Vermeulen, Ph.D., Deputy Director of the Institute for Disaster Mental Health and Associate Professor of Psychology at SUNY New Paltz.

Training Sections

- Wednesday, April 13, 2022 - 10:00 AM
- Friday, May 6, 2022 - 10:00 AM
- Thursday, June 2, 2022 - 11:00 AM

Questions Regarding NYSDOH Learning Management System (LMS)

Direct questions to edlearn@health.ny.gov or 518-473-4223 Ext 4.

Questions Regarding Training

Direct questions to prepedap@health.ny.gov or 518-474-2893.

Registration

To enroll in the training, please go to www.NYLearnsPH.com and either register or login to the LMS. Search Course Catalog for: **OHEP-BP3-PFA**

NOTE - PLEASE READ - Please verify your contact information and employer information in your LMS profile when registering. Any required course correspondence will be sent using the e-mail address listed in the LMS.

Personal Resilience & Stress Inoculation [Live Virtual Course]

Background

As we move through the second year of the global pandemic, everyone continues to grapple with a complex and ever-changing combination of acute and chronic stressors, which can take a toll on our ability to function professionally as well as impacting our personal mental health. After an overview on how stress impacts brain functioning, this training will take an applied focus on understanding how to manage stress, with an emphasis on building and maintaining resilience through cognitive approaches including Stress Inoculation.

Target Audience

Hospital, nursing home, adult care facility, Local Health Department, Emergency Medical Services, and Emergency Management.

Pre-requisites

No pre-requisites

Faculty

Amy Nitza, Ph.D., LMHC, Director of the Institute for Disaster Mental Health at SUNY New Paltz.

Karla Vermeulen, Ph.D., Deputy Director of the Institute for Disaster Mental Health and Associate Professor of Psychology at SUNY New Paltz.

Training Sections

- Tuesday, April 12, 2022 - 2:00 PM - 3:15 PM
- Thursday, April 21, 2022 - 2:00 PM - 3:15 PM
- Monday, June 6, 2022 - 10:00 AM - 11:15 AM

2019 Evacuation Plan Template Update

Recorded Sessions for Nursing Homes and Adult Care Facilities

Background

The Office of Health Emergency Preparedness (OHEP) is pleased to announce the release of the updated 2019 evacuation plan template. The 2019 template will serve as a revision to the previously released version.

Goal

To review the updates and revisions included in the updated 2019 Nursing Home and Adult Care Facility Evacuation Plan templates.

Target Audience

Nursing Home and Adult Care Facility staff responsible for emergency preparedness and evacuation planning

Note

Facilities are not required to adopt or use up-dated templates. It is strongly encouraged for facilities to review the updated documents and include in plan updates as needed or appropriate.

Comprehensive Emergency Management Plan Training Online Training Module

Background

The purpose of the New York State Department of Health (NYSDOH) Comprehensive Emergency Management Plan (CEMP) Training is to provide personnel at adult care facilities across the State of New York with the information and tools to develop a CEMP to prepare for, respond to, and recover from natural and man-made disasters.

Training Objectives

- Facilitate staff familiarity with CEMP purpose, use, development, and implementation.
- Empower facilities to be self-sufficient for 72 hours after an incident.
- Enable facilities' timely determination and implementation of protective actions.
- Foster collaboration and coordination with facility emergency response partners
- Build the foundation for a risk-based CEMP and emergency preparedness program.
- Empower facilities to use the Incident Command System to respond to emergencies.
- Empower Facilities to identify critical information to protect and disseminate during an incident.

Target Audience

Nursing Home or Adult care facility personnel that will be involved in facility level emergency planning (strongly recommended for Administrators and Safety / Security / Plant Managers).

Prior completion of FEMA IS-100.C strongly encouraged.

Training produced by Hagerty Consulting, Inc.

Training Module

Training delivered through an interactive online module that can be found using the registration information below or by clicking here:

ClinOps-202108 August ClinOps Webinar

The August 2021 ClinOps webinar provides training and demonstration by New York State Department of Health Division of Epidemiology staff on how to identify and correct data integrity issues for COVID-19 vaccination Operations in CDMS and NYSIIS. As the volume of vaccination Operations becomes more manageable, it is critical that we take time to review and assure the accuracy of the vaccination records that we have created. Completing these quality control steps will assure that patients have the proof of vaccination they need, and that we have accurate data for reporting that we need. We will discuss strategies to identify and correct errors and demonstrate our tips and tricks on finding missing information to assure the accuracy and completeness of vaccination records.

ClinOps-202010 October ClinOps Webinar - CDMS v.7.0 Part II

This webinar will feature a presentation by NYS DOH Division of Epidemiology staff and provide further training on the new Countermeasure Data Management System (CDMS) Version 7.0 application and continued presentation of current functionality and enhancements.

ClinOps-202008 August ClinOps Webinar - CDMS v.7.0 Introduction

This webinar will feature a presentation by Julie Schenkman, Kevin Buettner, and Matthew De Lafayette from the DOH Information and Technology Services providing a preview to the new Countermeasure Data Management System (CDMS) Version 7.0 application planned for introduction this Fall.

ClinOps-201911 Review of Outcome Data for 2018-2019 Site Activation, Notification, Acknowledgement, Assembly and Facility Setup Drills

This webinar outlines the data from the BP-1X (2018-2019) Site Activation, Staff Notification, Acknowledgement and Assembly and Facility Setup drills that are completed in either HERDS or DCIPHER by all counties as a part of the BPR-10 deliverable. The goal is to provide background information on what data and information the drills provide us, and to take a step further by comparing across regions to determine potential gaps and drive future guidance and exercise development.

ClinOps-201910 Adverse Events: Mitigation, Identification and Reporting

The October 2019 Medical Countermeasure (MCM) Clinical Operations webinar will include the working definition of an adverse event and the prevention and mitigation strategies done through accurate medical screening and onsite quality review. The presentation will include methods to identify adverse events, including side effects, contraindications and administration/documentation errors. Follow up and reporting requirements will also be reviewed. Includes a question and answer period

ClinOps-201907 Infection Control and Injection Safety at Points of Dispensing

The July 2019 Medical Countermeasure (MCM) Clinical Operations webinar will provide an overview of required clinical infection control practice standards at Points of Dispensing. This webinar will also highlight safe injection practices, recommendations for POD infection control procedures, oversight of infection control standards and recommendations for Just in Time Training.

Centers for Disease Control and Preparedness (CDC) - CERC, RAD, Packaging & Receiving, & SNS Courses

CDC-CERC-01

Crisis and Emergency Risk Communication (CERC)

Provider: Centers for Disease Control & Prevention
Course Updated: 6/26/2018
Average Completion Time: 2hrs
Continuing Education: 0.2 CEUs
Enroll in LMS Course #: [CDC-CERC-01](#)

At the conclusion of the training, the participant will be able to do the following:

- Explain Crisis and Emergency Risk Communication (CERC) principles.
- Describe the psychology of a crisis and the type of messages each audience needs.
- Explain how to tailor messages.
- Define core concepts of crisis communication planning.
- Explain the roles of the media and spokesperson.
- Describe the benefits of social media and mobile media devices.

SNS-101

SNS Overview

LMS Course Completion Requirement:
“Message” TRAIN Certificate to Course Administrator
Continuing Education: 1 CHES; 1 CME; 0.1 Continuing Nursing Education; 1 MCHES
TRAIN CE Course #: WB 2273 **Course ID 1041004**
Enroll in LMS Course #: [SNS-101](#)

The course is designed to provide basic background information and definitions of federal agencies, stakeholders and other partners that will help understand all SNS operations during a public health event. The SNS Overview Course will fill the professional practice gap by providing the states and local agencies with information to manage SNS assets that may be deployed to sites during a public health emergency. The participants will learn the levels of support provided by the SNS, and the response concepts, the planning functions needed for consideration and operational requirements for receiving, distributing and dispensing of SNS material.

SNS-103

Closed Point of Dispensing Considerations: an SNS Perspective

LMS Course Completion Requirement:
“Message” TRAIN Certificate to Course Administrator
Continuing Education: 1.5 CME; .14 ACPE-Contact Hours; 1.4 ANCC: Contact Hours Continuing Nursing Education; 1.5 MCHES
TRAIN Course ID 1055915
Enroll in LMS Course #: [SNS-103](#)

The Closed POD Planning course provides state and local agencies with information to manage Closed POD sites during a public health emergency. It covers planning functions for designing a system to quickly dispense prophylactic medications to the employees and their families. The course introduces common terminology and concepts of mass dispensing at the community level.
Some locations may use other terminology.

Centers for Disease Control and Preparedness (CDC) - CERC, RAD, Packaging & Receiving, & SNS Courses

CDC-RAD

Radiation Basics Made Simple

Average Completion Time: 1.5 hrs
Continuing Education: 0.1 CEUs, 1.4 CNEs, 1.5 CMEs
Enroll in LMS Course #: [CDC-RAD](#)

The Centers for Disease Control and Prevention, Radiation Studies Branch announces the launch of *Radiation Basics Made Simple*, the first in a series of radiation preparedness training modules. *Radiation Basics Made Simple* introduces participants to the fundamentals of radiation and radioactivity.

CDC-PSYCH

Psychological First Aid in Radiation Disasters

Average Completion Time: 1.25 hrs
Continuing Education: 0.1 CEUs, 1.2 CNEs, 1.25 CMEs
Enroll in LMS Course #: [CDC-PSYCH](#)

Psychological First Aid in Radiation Disasters is a self-study training that uses interviews conducted with experts involved in the Goiania and Three Mile Island incidents, and video scenarios that allow participants to observe how psychological first aid techniques can be employed in a variety of response settings.

CDC-MYTHS

Communicating in Radiation Emergencies: Myths of Radiation

Provider: Centers for Disease Control
Average Completion Time: 1 hr
LMS Course Completion Requirement: "Message" Certificate to Course Administrator
Continuing Education: 0.1 CEUs
Enroll in LMS Course #: [CDC-MYTHS](#)

Communicating in Radiation Emergencies: Myths of Radiation introduces participants to some common myths of radiation and identifies communications strategies to combat these and other myths. The training uses Person-On-The-Street interviews to identify the myths and features a discussion between risk communication and radiation subject matter experts to set the record straight.

- OBJECTIVES:** At the conclusion of the session, the participant will be able to:
- Describe seven common misconceptions associated with radiation.
 - Debunk seven misconceptions using science-based explanations.
 - Discuss one strategy to communicate accurate information during a radiation emergency for each misconception presented.

Centers for Disease Control and Preparedness (CDC)- CERC, RAD, Packaging & Receiving, & SNS Courses

CDC-PS2014

Packaging and Shipping Division 6.2 Materials Online Course

LMS Course Completion Requirement:
 “Message” TRAIN Certificate to Course Administrator
Continuing Education: 2 CEUs
Course ID 1017204
Enroll in LMS Course #: [CDC-PS2014](#)

Who Should Attend:
 This course is intended for those learners seeking recertification in packing and shipping of infectious substances (Division 6.2 materials). This course does not apply to individuals seeking initial certification.

Packaging and shipping Division 6.2 materials, such as patient specimens containing infectious materials and cultures, are regulated by U.S. and international transport agencies. Fines and penalties can be imposed against those who fail to comply with the applicable rules including proper classification and documentation of training, proper packaging, marking and labeling and proper shipping documentation. Updated for 2014, this intermediate-level online course, designed for individual study, is suitable for those seeking re-certification. Participants are provided with information useful for complying with regulations through use of instructional content and the opportunity to apply knowledge using realistic scenarios. This course should take approximately 2 hours to complete.

- Objectives:** At the conclusion of this program, the participants will be able to:
- Classify specimens as an exempt human or animal specimen or either category A or category B infectious substance.
 - Identify basic packaging concepts and processes for exempt human and animal specimens, category A and category B infectious substances and dry ice.
 - List the documents required to accompany packages containing category A and category B infectious substances.
 - Describe the documentation process for category A and category B infectious substances including specific differences dependent upon mode of transportation.

RSS-101

Receiving, Staging, and Storing (RSS) Training Video

LMS Course Completion Requirement:
 “Message” TRAIN Certificate to Course Administrator
Course ID 1017208
Enroll in LMS Course #: [RSS-101](#)

This 14-minute videoarchive provides an overview of receiving, staging, and storing (RSS) Strategic National Stockpile (SNS) assets in the event of a public health crisis. It is designed to provide information to organizations and personnel involved in Strategic National Stockpile RSS functions.

FEMA IS-100.C

Introduction to Incident Command System

Provider: FEMA Independent Study
Course Updated: 6/25/2018
 Average Completion Time: 2hrs
LMS Course Completion Requirement:
 "Message" FEMA Certificate to Course Administrator
 Continuing Education: 0.2 CEUs
 Enroll in LMS Course #: [FEMA IS-100.C](#)

ICS 100, Introduction to the Incident Command System, introduces the Incident Command System (ICS) and provides the foundation for higher level ICS training. This course describes the history, features and principles, and organizational structure of the Incident Command System. It also explains the relationship between ICS and the National Incident Management System (NIMS).

FEMA IS-200.C

ICS for Single Resources and Initial Action Incidents

Provider: FEMA Independent Study
Course Updated: 03/11/2019
On-line Course: Yes
 Average Completion Time: 4 hrs
LMS Course Completion Requirement:
 "Message" FEMA Certificate to Course Administrator
 Continuing Education: 0.4 CEUs
 Enroll in LMS Course #: [FEMA IS-200.C](#)

ICS 200 is designed to enable personnel to operate efficiently during an incident or event within the Incident Command System (ICS). ICS-200 provides training on and resources for personnel who are likely to assume a supervisory position within the ICS.

FEMA IS-700.B

National Incident Management System (NIMS) An Introduction

Provider: FEMA Independent Study
Course Updated: 6/25/2018
On-line Course: Yes
 Average Completion Time: 3.5 hrs
LMS Course Completion Requirement:
 "Message" FEMA Certificate to Course Administrator
 Continuing Education: 0.4 CEUs
 Enroll in LMS Course #: [FEMA IS-700.B](#)

This course provides an overview of the National Incident Management System (NIMS). The National Incident Management System defines the comprehensive approach guiding the whole community - all levels of government, nongovernmental organizations (NGO), and the private sector - to work together seamlessly to prevent, protect against, mitigate, respond to, and recover from the effects of incidents. The course provides learners with a basic understanding of NIMS concepts, principles, and components.

FEMA IS-800.C

National Response Framework, An Introduction

Provider: FEMA Independent Study
Course Updated: 3/27/2018
On-line Course: Yes
 Average Completion Time: 3 hrs
LMS Course Completion Requirement:
 "Message" FEMA Certificate to Course Administrator
 Continuing Education: 0.3 CEUs
 Enroll in LMS Course #: [FEMA IS-800.C](#)

The course introduces participants to the concepts and principles of the National Response Framework. The goal of this course is to familiarize participants with the National Response Framework and the ways it is applied in actual response situations.

Course Objectives:

At the end of this course, you will be able to describe:

- the purpose, scope, organization, and underlying doctrine of the National Response Framework (NRF).
- the Response roles and responsibilities of all elements of the whole community.
- core capabilities for Response and the actions required to deliver those capabilities.
- coordinating structures and operational planning used to support emergency response.
