The **Department of Pediatrics** has learned that the University Pediatric and Adolescent Center (UPAC) has achieved designation as a Patient Centered Medical Home (PCMH). PCMH certification is an acknowledgment (by NCQA) that a facility and its staff are in compliance with a huge number of standards related to care quality and coordination. This certification symbolizes the high quality and level of care provided by the faculty and staff at UPAC. This is the first Upstate clinical program to have achieved this recognition.
