

ACTIVATION OF THE BACK-UP TRAUMA TEAM

Trauma Service:

1. All services must maintain a backup call schedule. The backup for the Pediatric Trauma Attending is the Adult Trauma Attending on call.
2. The back-up attending should be notified under the following circumstances:
 - a. The pediatric trauma attending is in the OR and believes that backup is necessary based on the clinical situation.
 - b. The pediatric trauma team has received multiple activations and the manpower is at risk of being overwhelmed.
 - c. The pediatric trauma attending shall make the decision to activate the back-up team.
3. When the pediatric trauma attending is available again, the back-up attending should be notified that they are no longer needed.

Neurosurgery Service:

1. Primary Schedule is posted through *AMION* which is accessible from the Upstate homepage along with a daily back-up schedule

Orthopedic Service:

1. The surgeon who is on call the following day (i.e.: back up Ortho surgeon for Monday will be Tuesday's Ortho call surgeon) will be on backup call, which is listed on AMION daily.
