

## EPIC SYSTEM UPDATE

### Overview of Feature / Changes

The SUD Screen will be required documentation at Admission for nursing, and will be found in the Admission navigator. If a patient answers 1+ on any of the questions, and the section is closed, a BPA will fire prompting the nurse to order a Social Work Consult. This is for patients who are 13 – 19 years old and are on either 11E, 11G, 12E, or 12F. Nursing should also call Social Work in addition to putting in the order after 1700, on weekends, and on holidays for peds patients who screen positive for SUD.

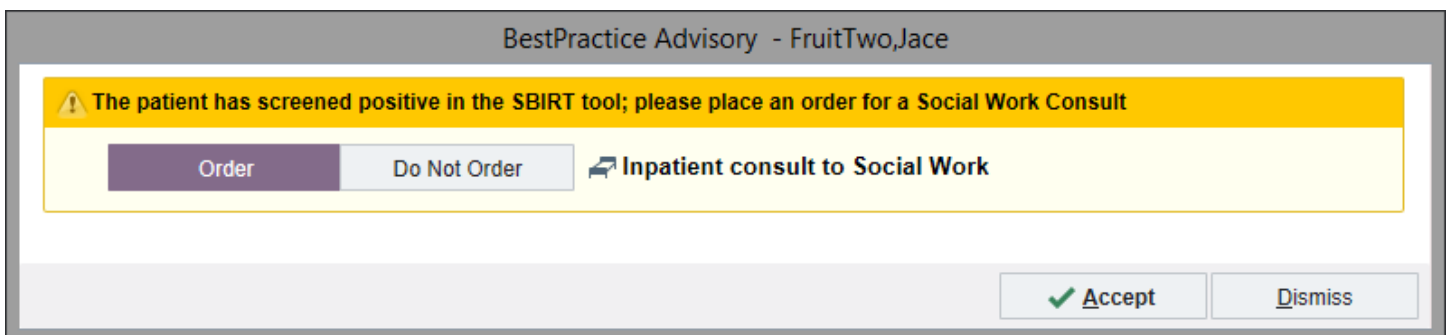

### What does it look like?

The screenshot shows the 'Alcohol & Substance Use Screening' form in the Epic system. The form is titled 'Alcohol & Substance Use Screening' and has a 'Set Unanswered To Default' button. It contains four screening questions, each with a '0' and '1+' button for response. The questions are:

- During the PAST 12 MONTHS, on how many days did you: Drink more than a few sips of beer, wine, or any drink containing alcohol? Say "0" if none.
- During the PAST 12 MONTHS, on how many days did you: Use any marijuana (weed, oil, hash by smoking, vaping, or in food) or "synthetic marijuana (like K2, "Spice")? say "0" if none.
- During the PAST 12 MONTHS, on how many days did you: Use anything else to get high (like other illegal drugs, prescription or over-the-counter medications, and things that you sniff, huff, or vape)? Say "0" if none.
- During the PAST 12 MONTHS, on how many days did you: Use any tobacco or nicotine products (for example, cigarettes, ecigarettes, hookahs or smokeless tobacco)? Say "0" if none.

At the bottom of the form, there are buttons for 'Mark as Reviewed' (checked), 'Never Reviewed', 'Patient Refused', and 'Patient Currently Unable'. There is also an 'Audit Trail Report' link and 'Previous' and 'Next' navigation buttons.

The screenshot shows a 'BestPractice Advisory - FruitTwo,Jace' in the Epic system. The advisory is titled 'The patient has screened positive in the SBIRT tool; please place an order for a Social Work Consult'. It has two buttons: 'Order' and 'Do Not Order'. Below the buttons is a link for 'Inpatient consult to Social Work'. At the bottom of the advisory, there are 'Accept' and 'Dismiss' buttons.
