

## Behavioral Interview Questions

### How to prepare:

- Think of 5 success stories related to overcoming obstacles and how you work with others
- Think of your responses in the terms of the STAR Method to tell the parts of your story

### STAR Method

**S Situation:** tell more about your scenario, where it takes place

**T Task:** what is the task or challenge to be accomplished

**A Actions:** actions you took to complete the task

**R Results:** What were the outcomes, if you can something measurable.

## Types of Questions

- Tell me a time you have had obstacles when you were trying to reach your goals
- Tell me a time you did not see eye-to-eye with a colleague and how did you handle it?
- Give me a time when you had to work with a team on a project
- Give me a time when you had to handle a strict timeline on a project and how did you handle it?
- Tell me about a time when you had to present a poster and received critical feedback.
- Tell me about a time where you had to manage a project
