

CALL FOR ARTISTS — UPSTATE NAPPI WELLNESS INSTITUTE

OVERVIEW OF UPSTATE'S NAPPI WELLNESS INSTITUTE DESIGN

A request for proposals for artwork is available for Upstate's Nappi Wellness Institute. This two-page document is provided to help interested artists submit work that is suitable to the theme, design and purpose of the center, which opens in 2023.

The 5-story, 100-foot-tall building will house Upstate's ambulatory care services, including primary care, geriatrics, radiology, laboratory services, behavioral health, family medicine, pediatrics and the Joslin Diabetes Center.

The Nappi Wellness Institute, to be located across from the Upstate Cancer Center on East Adams Street in Syracuse, N.Y., is designed to the WELL Building Standard, which seek to optimize health and well-being in air, comfort, fitness, light, mind, nourishment and water.

THEME AND INTERIOR DESIGN

Artwork should represent healing through nature and lend a sense of calm and peace to Upstate's Nappi Wellness Institute. The palette and imagery are based on the healing through nature theme. There are walls covered with stylized plants; surfaces that look like wood; and colors of sky, plants and earth.

(See RFA and pg. 2 of this document for details.)

ELIGIBILITY

Preference will be given to NYS artists, particularly those from Upstate's 18-county service area (see RFA for details).

SCOPE OF PROJECT

The Upstate Nappi Wellness Institute is seeking two-dimensional artwork to hang in corridors; exam, patient and treatment rooms; and offices of all five stories. Artwork should range in size from 96" x 56" to 24" x 12".

TO APPLY

Sign up to receive a request for artists (RFA) application:
