Pre Tax Contribution Program

• Employees who enroll in health insurance will have the option to have health insurance deductions come out pre-tax or after-tax.

• The Pre-Tax Contribution Program (PTCP) is a voluntary program in which an employee’s share of the health insurance premium is deducted from his or her wages before taxes are withheld. As a result, employees who participate in this program will have taxes (federal income taxes, Social Security taxes and most State and local income taxes) withheld based upon a lower income.

• Employees who participate in the PTCP are restricted as to when they can make changes to their coverage that affect biweekly health insurance pre-tax deductions.
