Subject: CMO Blast: Dr. Jeremy Joslin Appointed Associate CMO Downtown

I am pleased to announce the appointment of Dr. Jeremy Joslin to serve as an Associate Chief Medical Officer at the Downtown Campus. In his new role, Dr. Joslin will focus on optimizing hospital clinical operations related to capacity and throughput to ensure patients are getting the right care in the right place at the right time.

While Dr. Joslin transitions from his previous role as the Medical Director for Emergency Medicine, he will continue his responsibilities as Medical Director of the Transfer Center and Medical Director for Transitions of Care.

Among our initial priorities are balancing patient placement between the Downtown and Community campuses, and streamlining our inpatient discharge process.

Many of you have worked with Dr. Joslin and have observed first-hand his operational expertise and clinical leadership. Upstate is fortunate to include him among our leaders. Please join me in congratulating him on his new role.

Amy Tucker, MD, MHCM
Interim, Chief Medical Officer, Upstate University Hospital
Associate Dean for Clinical Affairs, College of Medicine
Vice President, Ambulatory Services & Population Health
