Subject: Re: Primary Care Grand Rounds Resuming September 11, 2020

Community Campus Primary Care Grand Rounds will reconvene September 11th. Rounds will be held Fridays from 7:30 to 8:30 a.m.

Primary Care Grand Rounds will be a "hybrid" of in person (up to 20 people physically allowed in Classroom A/B due to social distancing) and WebEx. If you are going to attend virtually you will need to return your evaluation by the end of the day to sellersb@upstate.edu to receive credit. And as always, if attending in person you must sign the sign-in sheet to receive credit.

For more information, email Beth Sellers at sellersb@upstate.edu.

The schedule is as follows:

September 11 Travis Hobart, MD MPH Lead Toxicity Prevention and Management
September 18 Zachary Vredenburgh, MD Non Operative Treatment of Common Sports Injuries
September 25 Daryll Dykes, MD Primary Evaluation and Management of Common Neck and Back Conditions
