Subject: CMO BLAST: Update on Eyewear Requirements for Patient Care

Importance: High

Eyewear is no longer required for all patient care, now that our area's Covid positivity rate has dipped below 5 percent. However, those providing patient care to Covid patients should continue to wear eye protection.

For more information, see policy COV P-08: <https://upstate.ellucid.com/documents/view/10768/active>.

Best,

Amy
