Good morning!

Please mark your calendars and share with your colleagues these upcoming education opportunities:

PRIMARY CARE EDUCATION SESSION

Wednesday, May 10 at 12:15 pm

Update on Management of Melanoma and Other Skin Cancers

May is Skin Cancer Awareness Month. Join Daniel Thomas, MD, MPH, Assistant Professor of Surgery, for an update on the management and new treatment options for melanoma and other skin cancers.

These sessions are held virtually on the second Wednesday of the month, from 12:15-1 pm. These sessions are designed for Upstate Primary Care Providers and include a short presentation from your specialty colleagues with opportunities for questions and discussion. All sessions are recorded and posted online for later viewing here:
