

UPSTATE

MEDICAL UNIVERSITY

Department of Public Health &
Preventive Medicine

Low-Level Environmental Toxins and Children's Health

Check out our Master of Public Health (MPH) Degree Program and the Certificate of Advanced Study in Public Health at: www.upstate.edu/cnymph

Both are joint programs that utilize the strengths of two great universities: Upstate Medical University & Syracuse University.

The CNYMPH Program is CEPH (Council on Education for Public Health) accredited. Applications accepted now through April 2015. Apply early, enrollment is limited.

GRAND ROUNDS

Thurs. Feb. 19, 2015

12:15-1:15 p.m.

Room 2231

Weiskotten Hall

Upstate Medical University campus

766 Irving Ave. Syracuse, NY

Presented by:

Brooks B. Gump, PhD, MPH

Falk Family Endowed Professor of Public Health
Director, Graduate Programs in Public Health

Department of Public Health, Food Studies and
Nutrition

Falk College, Syracuse University

WHO SHOULD ATTEND

- Public health professionals
- Physicians
- Nurses
- Physician assistants
- Nurse practitioners
- Students
- Anyone interested in public health, community health, and prevention.

OBJECTIVES

At the conclusion of this event, participants will be able to:

1. Describe the role low-level environmental toxicants play in children's health.
2. Identify the key components of the Syracuse Lead Study and avenues for collaboration.
3. Describe future directions and priority areas for research on toxicants and children's health.

These presentations are free and open to the public. Grand Rounds registration is not required.

This talk is also provided free via webinar! Attend our Grand Rounds from the comfort of your office or home.
