Rotations in Year 1 are divided into 4-week clinical or scholarly activity blocks. Eleven of the 12 blocks take place at the sponsoring site, Upstate Golisano Children's Hospital (site 1). The NICU/Newborn rotation occurs at Crouse Hospital (site 2). In total, there are 16 weeks of inpatient medicine divided into four distinct, 4-week rotations. There are also 16 weeks of electives in Year 1 which may be divided into 2- or 4-week rotations. Electives include but are not limited to anesthesia, child advocacy/child abuse, child psychiatry, dermatology, global health, medical genetics, neurosurgery, orthopedic surgery, palliative care, pediatric cardiology, pediatric endocrinology, pediatric ENT, pediatric gastroenterology, pediatric hematology/oncology, pediatric infectious disease, pediatric nephrology, pediatric neurology, pediatric pulmonology, pediatric radiology, and pediatric surgery/trauma. The percentage of time spent inpatient versus outpatient on electives may differ depending on a subspecialty's inpatient census and/or the type of rotation. In addition to the clinical rotations, there are 16 weeks dedicated to scholarly activities. Lastly, 4 weeks of vacation are interspersed throughout Year 1.
