

WARNING!!

CLEANING

PRECAUTIONS

1 USE AS DIRECTED

Cleaning products are designed to clean surfaces, not people. Never ingest, inject or even spray a cleaning product or disinfectant on the skin.

2 FOLLOW DIRECTIONS

Read label directions carefully, including how to's, precautions and warnings. Never mix products as it can produce toxic fumes.

3 READ INGREDIENTS

Some cleaning products contain alcohol, ammonia or petroleum distillates. All are poisonous. Many contain ingredients that can irritate the skin. Even breathing fumes can be toxic. Be aware of dangers before using. Use ONLY as directed.

4 USE SAFELY

Safe use means using as directed including safe storage even while using. Do not leave products in the reach of children. Not ever!

5 STORE SAFELY

When using, place any cleaning product up out of the reach of children. Children are curious, They will explore. After use, store safely up and out of the reach of children,
