Meds to Beds Opt-Out Option for Auto-Enrolled Patients

EPIC SYSTEM UPDATE

Overview of Feature / Changes

Effective March 13, 2024: Navigators for Nursing, Pharmacy, and Case Managers now include a section to **Opt-Out of Meds to Beds Auto-Enrollment**. The Meds to Beds Opt-Out section explains that the patient is auto-enrolled, and by checking Opt-Out this would **unenroll** them from the program.
