

BIAS CHECKLIST

COLLABORATIVE

Addressing Bias in Health Professions Education

WHAT IS THE BIAS CHECKLIST?

A free, publicly available tool that anyone can use when developing or reviewing content for learners at any level in the health professions.

Artwork by Nathan Ihemeremede

OUR VISION

To achieve optimal health outcomes for all patients, families and communities by increasing the number of health professional program graduates who have the knowledge, skills and attitudes to provide equitable, inclusive care to all patients, regardless of their background and position in society.
