

## **6/4/2020 – On-campus COVID precautions**

Hello students,

As more of us return to campus each day, it is important that we take precautions to minimize possible transmission of coronavirus.

Limit close contact - stay six feet (or more) apart when possible.

Wear ear loop masks - covering your nose and mouth - in public spaces, including hallways, elevators, and conference rooms.

Follow signs regarding elevator capacity.

Wash hands often.

Remember to monitor yourself for symptoms using the checklist every day.

If you answer yes to any questions, or feel sick,  
call the Upstate COVID resource line at [315-464-8436](tel:315-464-8436)

or Employee/Student Health at [315-464-4260](tel:315-464-4260) or

access the ESH Health Portal <https://idp.upstate.edu/vpn/tmindex.html>

Be well!

Dr. Lesperance
